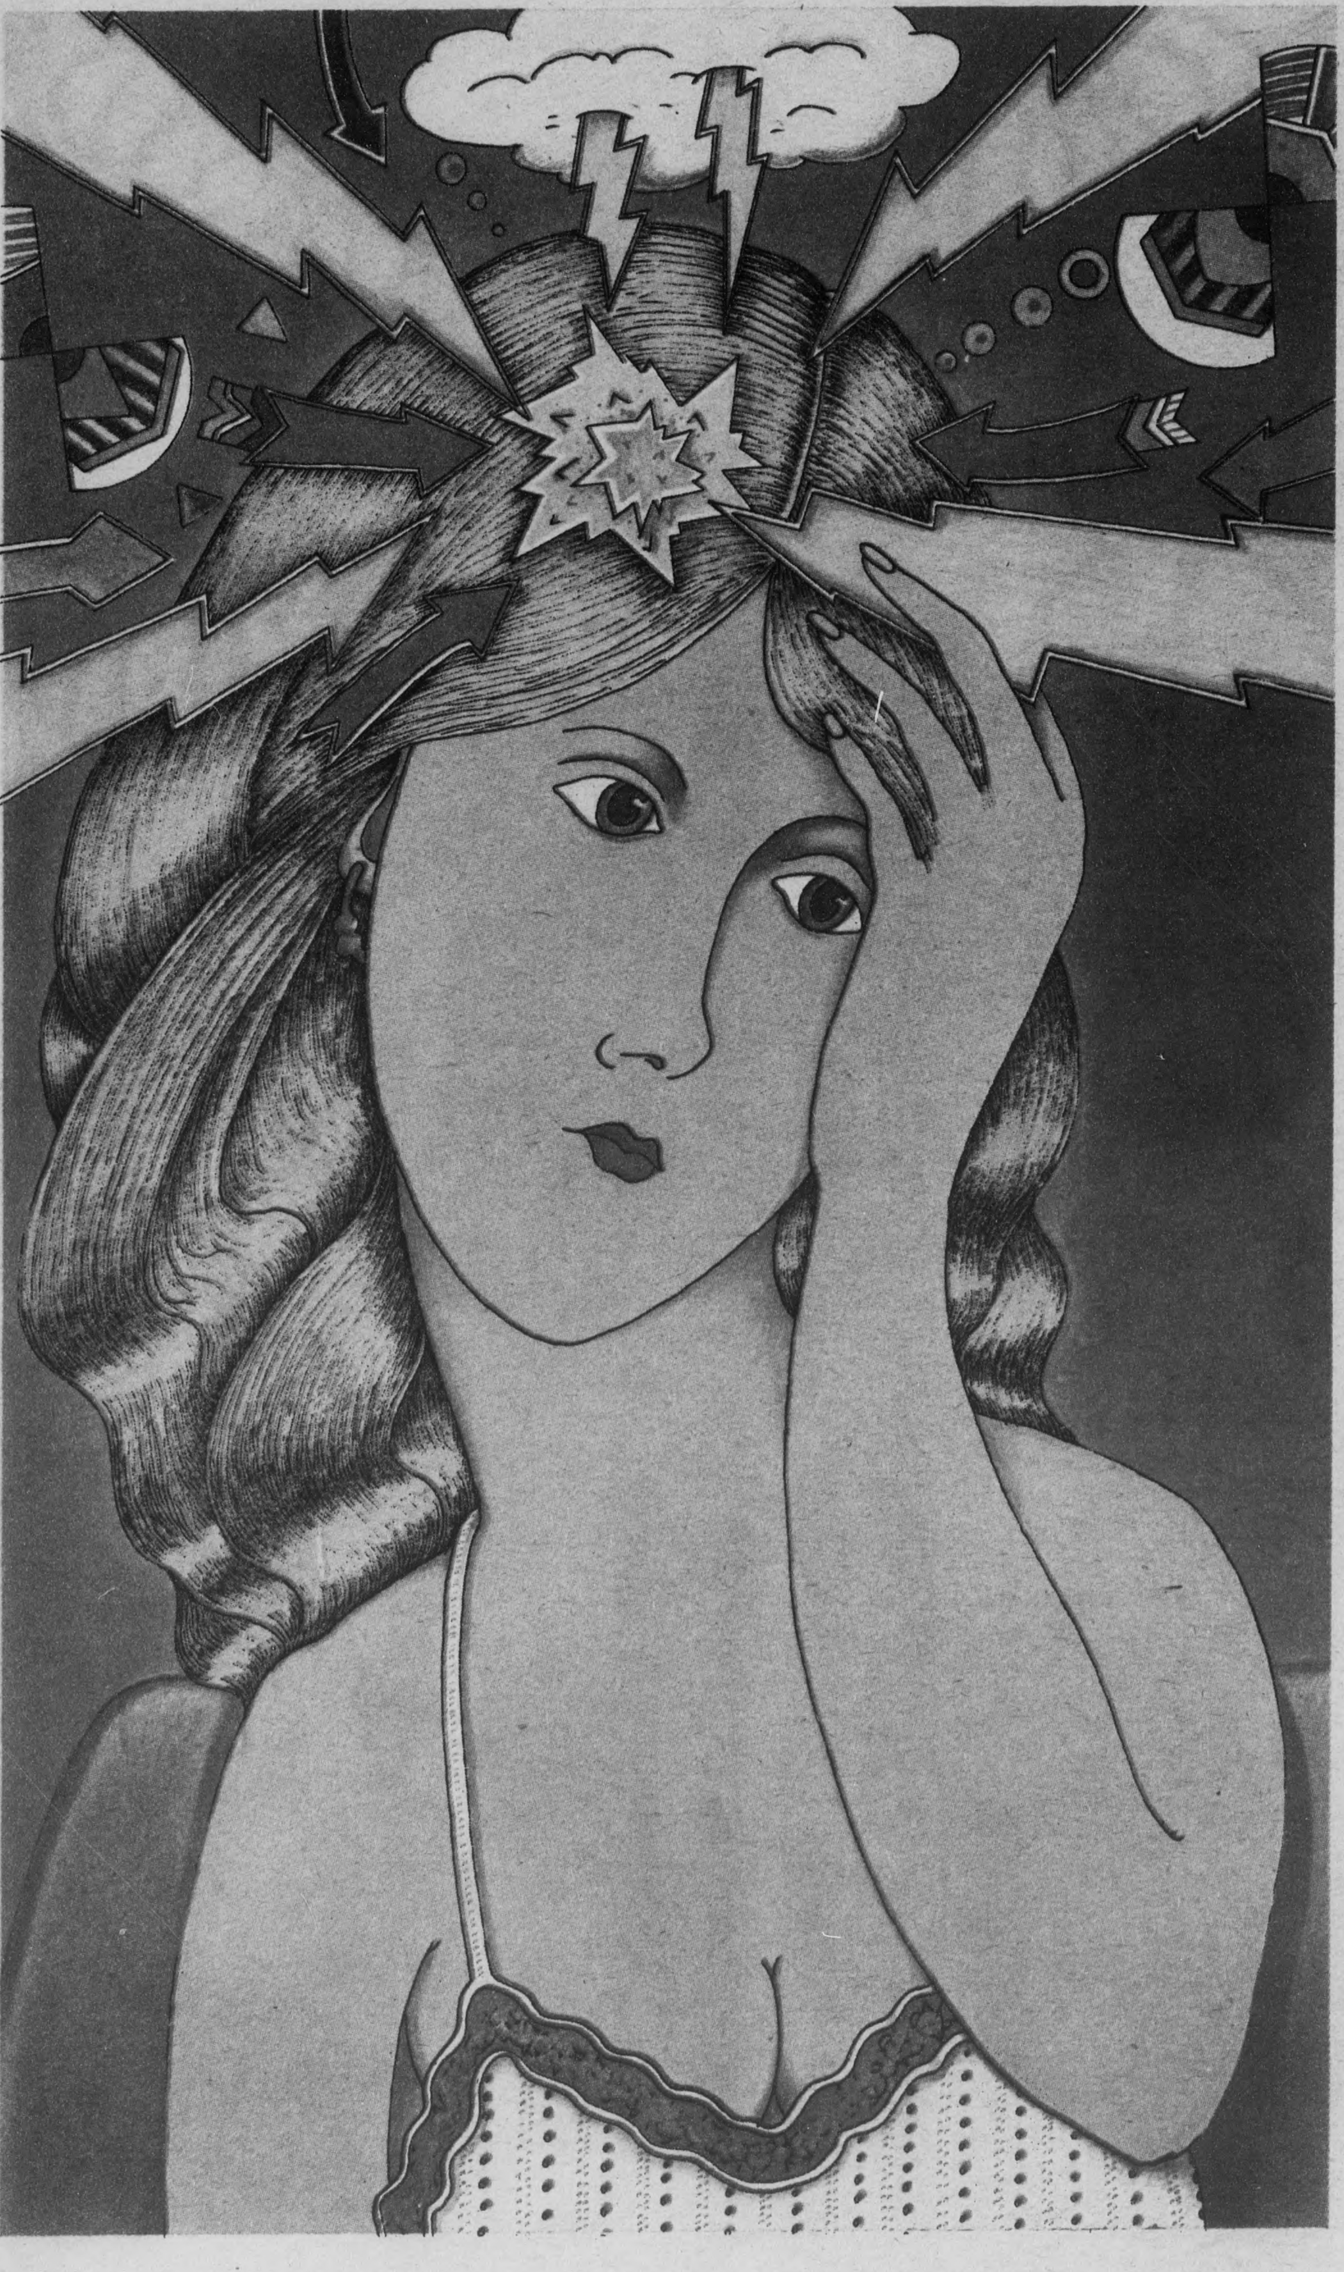
WHY PUT UP WITH MORE PAIN THAN YOU HAVE TO?

(Or how a rotten headache works.
And why Excedrin works better than Bayer or regular Tylenol.)



From time to time, you may find yourself really being overworked. Or overtired. Having too many cigarettes. Or too much coffee. Or even missing a meal.

The problem is, all these things and more can sometimes give you a rotten headache.

Biologically, what happens is this: the muscles in your head and neck contract. If they stay contracted too long, you can get real pain and discomfort.

Worse yet, sometimes the blood vessels carrying blood to your brain may also contract. And that can make your nerve endings end up screaming.

To relieve all this, Excedrin gives you something extra. Extra Strength.

Excedrin provides more pain reliever, more total strength than Bayer, Tylenol, or any regular strength tablet, aspirin or non-aspirin.

In fact, a combined analysis of 3 hospital studies indicates Excedrin can relieve pain significantly better than any regular tablet.

Next time you get a rotten headache, why put up with more pain than you have to?

Try Excedrin. The Extra Strength Pain Reliever.™

And see for yourself why, for literally millions of people, Extra Strength means Excedrin.

EXTRA STRENGTH MEANS EXCEDRIN

This Panasonic stereo has one component your component system doesn't have.

A handle.

AM/FM STEREO CASSETTE RECORDER

The best stereo sound used to come only from components. Until Panasonic put a handle on it. Now great sound carries everywhere with the Panasonic RX-5500 AM/FM stereo cassette recorder, a super portable that packs the features found in many component systems.

Like linear-scale tuning that helps you pinpoint FM stations even on a crowded dial. For even more accuracy, there's a 14-stage LED tuning meter with separate right and left level channel indicators.

The 5500 also has component-like sophistication in the cassette section. Starting with the Dolby* Noise Reduction system. To a three-position tape selector that lets you handle the three most popular types of tape (CrO_2, FeCr and normal). There are two built-in, sensitive condenser microphones for great live recordings. And with mike-mixing you can record along with your radio favorites. While the digital tape counter, Cue and Review and locking pause control add up to effortless recording and playback.

The 5500's speakers are just as remarkable, with two powerful 6½" woofers and two 1¼" tweeters. And with separate controls for treble and bass, you can tailor the sound to your taste. There's even a variable sound monitor that lets you adjust the volume of the speakers without affecting your headphones. Or vice versa.

And all of this incredibly sophisticated sound travels just about anywhere because it operates on batteries (not included) and on any of the 4 international voltages. Even from your car with an optional adapter (RP-952).

The RX-5500. It's part of the line of Panasonic "Stereos with a Handle." Pick one up.

Disabled Student Services

Provisions are available for special assistance for students with physical disabilities. A meeting will be held Monday, April 14, from 1-4:30 p.m. in Room 0114 Shoemaker. If you attend, please bring your Schedule Request Form with you. For further information contact the Disabled Student Services Office on x5028 (voice) or x5029 (TTY).

Schedule Request Form Directions

Note that on your Schedule Request Form the shape of the numbers that you must print are different from previous Schedule Request Forms. Use the numbers in the top margin as a guide.

Who?
All students registered in courses offered by the University of Maryland College Park Campus (UMCP) for the Spring 1980 Semester who wish to preregister for courses offered at UMCP during the Fall 1980 Semester, and who are financially eligible to participate.

When?

March 25	— Invitation to Preregister postcards will be mailed to eligible students. Eligible students who do not receive a postcard should call the Registrations Office, 454-5559, or contact their College or Division office.
April 9	— Students should begin picking up registration materials at the location indicated on their postcard.
April 15	— Deadline for turning in Schedule Request Form and other registration materials to the location where materials were received.

Where?
Distribution —
Registration materials will be distributed by the academic departments: the invitation postcard indicates the department where a student's materials will be located. Distribution timetables may vary according to the department.

Collection —
Students should return registration materials to their department.

Academic questions concerning degree requirements, course descriptions, or course prerequisites should be directed to the academic departments, the college deans, or the division provosts. Questions concerning registration materials can be answered by the departments, the deans, the provosts, or the Registrations Office (454-5559).

The Schedule Request Form is a REQUEST. Because of adjustments made between the publication of the First Edition of the Schedule of Classes and the actual sectioning process, some times/locations of course offerings may change. Please consult the Second Edition of the Schedule of Classes.

There are several reasons why legitimately requested courses are not received. The sectioning process will not schedule a time conflict. The maximum number of credits which can be received via preregistration is 19. Some courses are *by permission only.* If you are in doubt about a course's availability, please consult the department. Students may be denied enrollment by departments in *by permission only* courses. Since students are sectioned based on the total number of credits earned (highest first) some courses/sections may be closed when the process reaches a specific individual. Other courses may have been cancelled by the time sectioning occurs. In preregistration courses are filled to 90% of capacity.

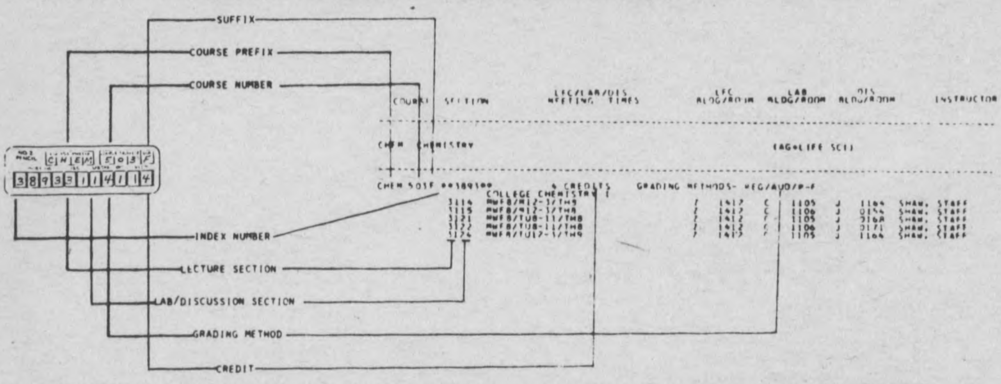
Students who do not receive a preregistration schedule in the mail by August 1 should contact the Registration Office (454-5559) prior to the Armory Registration period. This should be done before August 8, 1980.

How?
Using a *number two* pencil only, fill in the date, phone (day), birthdate, name, and signature at the bottom of the form and scheduling method code at the top.

Check your Schedule Request Form carefully. Since the form will be optically scanned, be sure that the form is not damaged and the information you write is clear and accurate. *Correctly written Course Index Numbers are vitally important.* **YOU MUST MAKE YOUR NUMBERS EXACTLY LIKE THOSE APPEARING AT THE TOP MARGIN OF THE FORM. FAILURE TO COPY THESE NUMBER SHAPES ACCURATELY COULD ADVERSELY AFFECT THE ACCURACY OF YOUR PREREGISTRATION REQUESTS.**

Fill in the course information as specified in each box. You must print the *course prefix,* the *course number,* the *suffix (if applicable),* the *index number,* the *grading option (OPT) code* and the *credit* for every course requested. This information corresponds to what is printed in the "Course Listing Information" section of this Schedule of Classes:

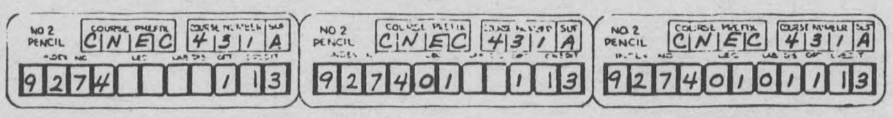
(OPT) = 1-Regular; 2-Pass/Fail; 3-Audit; 4-Satisfactory/Fail



***NOTE: If you are taking a course for 10 credits or more, trace the line in the first section of the CREDIT box and fill in the appropriate digit in the second section of the box. If you are taking a course for 9 credits or less, fill in the appropriate digit in the second section of the CREDIT box, leaving the first section blank. *Courses may not be taken for credits other than the number indicated in the "course offerings" section.*

*The LEC (lecture section) and LAB/DIS (lab/discussion section) do not always have to be filled in. In this case, you have three (3) options:

1. If you fill in the index number only, leaving LEC and LAB/DIS blank, an attempt will be made to schedule you into that particular course, any available lecture section, any available lab/discussion section.
2. If you fill in the index number and LEC, leaving LAB/DIS blank, an attempt will be made to schedule you into that particular course and lecture section, any available lab/discussion section.
3. If you fill in the index number, LEC and LAB/DIS, an attempt will be made to schedule you into that particular course, lecture section and lab/discussion section.



You have a choice of two (2) Scheduling Methods — Alternate Course or Alternate Program.

Regardless of which method you choose, *the registration system will consider ALL courses listed in the primary (A) column first.* Alternates will be considered only when primary requests are unavailable. The system will not schedule a time conflict.

Neither method requires you to indicate either first or second alternates. However, it will be to your advantage to supply the system with possible alternatives should your complete primary schedule be unavailable as specified. This will reduce the chance of a partial schedule.

The sectioning process uses the method selected by the student to determine how to process a student's request. Regardless of what order a student places courses in the primary (A) column, the sectioning process will take place starting with the course with the fewest available sections.

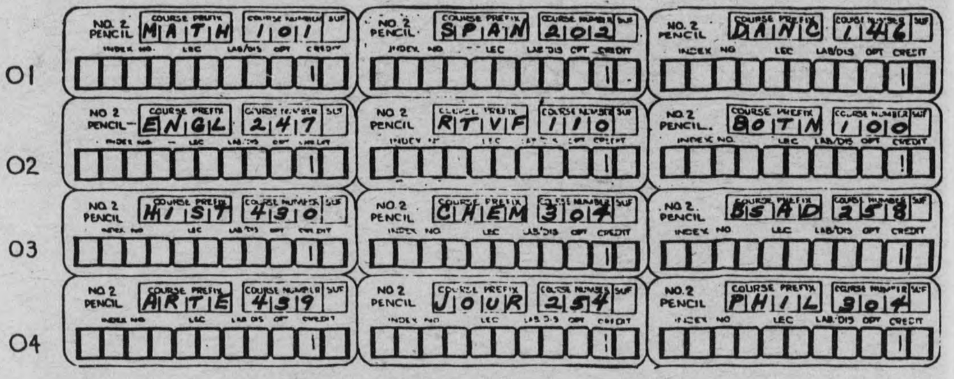
For the Alternate Course Method up to six attempts are made, assuming they are necessary and that the student has alternate choices. The last three of these will consider all possible sections if the specified section(s) are not available. If none of the six attempts yields a completely sectioned schedule, then the attempt which sectioned the largest number of credits is selected.

For example:

1. Primary choice schedule, requested sections
2. Alternate choice schedule, requested sections
3. Alternate choice schedule, requested sections
4. Primary choice schedule, all possible sections
5. Alternate choice schedule, all possible sections
6. Alternate choice schedule, all possible sections

For the Alternate Program Method the sectioning process begins as in the Alternate Course Method, i.e., the course with the fewest number of sections first. However, the Alternate Program Method will keep the requests listed in Columns A, B, and C distinct. It will not give a schedule combining requests from the three columns.

Example:



Under the ALTERNATE COURSE method:

The system will schedule all requests in the primary (A) column which are available

	A	
01	MATH	not available
02	ENGL	available - scheduled
03	HIST	not available
04	ARTE	available - scheduled

The system will consider requests in the B column only if the A request in that row was not available

	B	
01	SPAN	available - scheduled
02	RTVF	not considered
03	CHEM	not available
04	JOUR	not considered

The system will consider requests in the C column only if neither the A request nor the B request in that row was available.

	C	
01	DANC	not considered
02	BOTN	not considered
03	BSAD	available - scheduled
04	PHIL	not considered

For example,
final schedule arrived
at under this method

	A	B	C
01		SPAN	
02	ENGL		
03			BSAD
04	ARTE		

=
SPAN
ENGL
BSAD
ARTE

This method (ALTERNATE COURSE) may schedule a combination of courses requested in different columns.

Under the ALTERNATE PROGRAM method:

The system will consider all requests in the primary (A) column first.
If all courses in A are available as requested, the system will schedule column A.
Columns B and C will not be considered.

	A		
01	MATH	available	scheduled
02	ENGL	available	
03	HIST	available	
04	ARTE	available	

If any of the courses in column A are not available as requested, the system will not schedule any of the courses requested in A.

	A		
01	MATH	not available	not scheduled
02	ENGL	available	
03	HIST	available	
04	ARTE	available	

- -

The system will then consider the courses requested in column B.
If all courses in B are available as requested, the system will schedule column B.
Column C will not be considered.

	B		
01	SPAN	available	scheduled
02	RTVF	available	
03	CHEM	available	
04	JOUR	available	

If any of the courses in column B are not available as requested, the system will not schedule any of the courses requested in B.

	B		
01	SPAN	available	not scheduled
02	RTVF	not available	
03	CHEM	not available	
04	JOUR	available	

- -

The system will then consider the courses requested in column C.
If all courses in C are available as requested, the system will schedule column C.

	C		
01	DANC	available	scheduled
02	BOTN	available	
03	BSAD	available	
04	PHIL	available	

If any of the courses in column C are not available as requested, the system will not schedule any of the courses requested in column C.

	C		
01	DANC	not available	not scheduled
02	BOTN	not available	
03	BSAD	available	
04	PHIL	not available	

- -

The system will then go back over all 3 columns (A, B, and C) and schedule the one with the greatest number of courses available as requested.

	A			B			C	
01	MATH	not available	01	SPAN	available	01	DANC	not available
02	ENGL	available	02	RTVF	not available	02	BOTN	not available
03	HIST	available	03	CHEM	not available	03	BSAD	available
04	ARTE	available	04	JOUR	available	04	PHIL	not available
	3 courses available as requested			2 courses available as requested			1 course available as requested	

In this case, the system would schedule a part of column A (courses 02, 03 & 04) because that column contains the greatest number of courses available as requested.

This method (ALTERNATE PROGRAM) will not schedule a combination of courses from different columns. All courses scheduled under this method would have been requested in the same column, either A or B or C.

Deadlines for Graduate Students and Part-time Undergraduates

Full-time undergraduate students do not receive a refund for courses dropped if the total number of credits for which they are registered remains 9 or more.

PRIOR TO THE FIRST DAY OF CLASSES (AUGUST 25-26), if a full-time undergraduate student drops a course or courses, thereby changing the total number of credits for which the student is registered to *8 or less,* charges for the semester will be assessed on the basis of the per credit hour fee for part-time students. However, if the student later adds a course or courses, thereby changing the total number of credits for which the student is registered to *9 or more,* the student will be billed for the difference between per credit hour fees paid and the general fees for full-time undergraduates.

If during the FIRST FIVE DAYS OF CLASSES (AUGUST 27-SEPTEMBER 3) a full-time undergraduate drops a course or courses thereby changing the total number of credits for which he/she is registered to eight or less, charges for the semester will be assessed on the basis of part-time charges plus 20% of the difference between the full-time fees and appropriate part-time charges. After the first five days of classes, there is no refund for changing from full-time to part-time status.

SEPTEMBER 11 AND AFTER — $2.00 fee is assessed for *each* drop processed (to be billed).

This applies to both graduate and undergraduate students.

Refund Schedule for Dropping Courses
Graduate Students and Part-time Undergraduates

Both graduate students and part-time undergraduates are charged by the credit hour. A percentage charge and/or complete charge for the course may be imposed if the deadlines indicated below are not followed.

1. August 25 and 26 (prior to the first day of classes) .... 100% refund
   There will be no charge for courses *dropped* on these two days.
2. August 27-September 3 (first five days of classes) .... 80% refund
   There will be a 20% charge imposed for courses *dropped* during this period.
3. September 4 and after .... 0% refund
   Student will incur full charge for courses *dropped* during this period.
4. September 11 and after: a $2.00 charge is imposed for *each* drop processed (to be billed).

Students who wish to drop one course and add another at the same credit level should accomplish both transactions on the *same* day to insure additional charges are not imposed.

NOTE: A drop of one course and a credit level change of equal amount in another course, even if accomplished on the same day, *is not* considered an "even exchange" and appropriate charges for both courses will be imposed.

Reclassification to In-State Status

The deadline for meeting all requirements for an in-state status and for submitting all documents for reclassification is the last day of late registration for the semester the student wishes to be classified as an in-state student.

Deadlines

Summer Session I, 1980	**May 27, 1980**
Summer Session II, 1980	**July 8, 1980**
Fall 1980 Semester	**September 10, 1980**
Spring 1981 Semester	**January 29, 1981**

It is imperative that students who wish to request a review of their eligibility for an in-state classification submit the required documents to the appropriate office as soon as possible. The volume of requests for reclassification may necessitate a delay in completing the review process. It is hoped that a decision in each case will be made within ninety (90) days of receipt of a request for redetermination and all necessary documentation. During this period of time, or any further period of time required by the University, fees and charges based on the previous determination must be paid. If the determination is changed, any excess fees and charges will be refunded. It is to your advantage to apply early.

Armory Registration Schedule

Priority for New Students and Special Problems

Newly admitted, reinstated and readmitted students who were unable to preregister and those students meeting the criteria for Schedule II will have priority admission to the Armory. This priority access is designed to: 1) help eliminate the overcrowding in the Armory, 2) enable students who really need courses (new registrants and people with partial schedules) the opportunity to register first, and 3) encourage students to take advantage of preregistration and thus avoid the necessity of going to the Armory.

SCHEDULE I — Nonpreregistered newly admitted, readmitted, and reinstated students
Monday, August 25 — 8:30 a.m. to 11:55 p.m.

This schedule will apply to newly admitted, readmitted, and reinstated students who did not preregister. Students in this category should report directly to Reckord Armory according to the alphabetic schedule. Newly admitted students and reinstated students must present their Letter of Admission/Reinstatement signed by their Provost, Dean, or designated representative, to be permitted to enter the Armory. Readmitted students must present their Letter of Readmission to be permitted to enter the Armory. While advisement is not a prerequisite for Armory admission for readmitted students, these students are strongly urged to take advantage of campus advisement offices. **Only students who had no opportunity to preregister may register according to this schedule.**

Veterans Benefits

Students attending the University under the Veteran's Education Assistance Act (Title 38, U.S. Code) who completed Preregistration will be certified on the basis of preregistration course requests. This certification should be verified by the student at the Registration Office, Room 1117, North Administration Building, 8:00 a.m. to 5:00 p.m., Monday, Tuesday, Thursday and Friday and from 8:00 a.m. to 7:00 p.m. on Wednesdays.

Experiential Learning Programs

0119 R. Lee Hornbake Undergraduate Library Building, 454-4767

What is Experiential Learning?

Experiential learning is one of the University's most exciting learning opportunities. It provides the student with an understanding of the relationship between theory and practice and the practical work experience which is invaluable for advancement in a career. Experiential Learning Programs (ELP) offers three major programs and directs students to several different options, all of which are designed to give them first-hand experience:

Cooperative Education

Cooperative education is our most intensive way to learn by doing. Because "coop" is growing on a national level and is becoming increasingly popular with local employers, we are expanding our program to include placements in a wide range of majors. Students in "coop" alternate two semesters of full-time, fully-paid work in business, industry, or government with a semester of full-time study. By the end of this work-study-work sequence, students have gained excellent professional training and have defrayed a good portion of their educational expenses. Many students are promoted and continue to work for their employers after graduation.

Volunteer Service/Learning

ELP maintains a listing of field experience opportunities in over 600 different organizations in the metropolitan area which have expressed an interest in having UMCP students work with them. With this information and the help of peer advisors, students can arrange placements relating to a wide range of interests and majors.

Internships

An internship is a work experience granted academic credit. As in the volunteer program, students use the ELP listings to locate placements, then negotiate with a faculty member to receive credit. Usually, the professor will want the student to produce academic work connecting the student's practical experience with appropriate theoretic background. After all the details are worked out, the professor, student, and organization supervisor draw up a learning contract to assure that all parties understand what is expected.

Computer Science Center

Non-credit Short Courses (Fall 1980)

Job Referral Service

Students, do you need to earn money to help pay tuition, bills, not to mention eat? Do you need to develop skills and clarify your interests? If so, the Job Referral Service is here to help. We seek and maintain listings of available jobs for students from area employers. Any student who is currently registered for classes at the University of Maryland may use the JRS. Trained peer counselors will give you information about the job openings. It is then your responsibility to contact the prospective employer and put your best foot forward.

Campus employers, are you seeking part-time or temporary employees? If so, call the Job Referral Service Monday-Friday, 8:30 a.m.-4:30 p.m. to list your job vacancies.

We are located in Room 0127 of the Foreign Languages Building. Call 454-2490 or stop by to make an appointment. Advising hours are Monday-Friday, 10 a.m.-5 p.m. and Wednesday until 6 p.m. Calls are invited daily between 8:30 a.m. and 4:30 p.m.

Financial Information

Fees and Expenses

ALL STUDENTS WHO PREREGISTER FOR THE FALL SEMESTER INCUR A FINANCIAL OBLIGATION TO THE UNIVERSITY.

The University of Maryland does not have a deferred payment plan. Payment of all past due balances and current semester fees is due on or before August 29, 1980.

It is the policy of the University *not* to defer payment of fees on the basis of a pending application for financial assistance to an outside agency. This includes Veterans Administration, banks, guaranteed student loan programs, etc.

Returning students will not be permitted to complete registration until all financial obligations to the University including current semester fees, library fines, parking violation assessments and other penalty fees and service charges are paid in full. If a student registers without proper financial clearance from the Office of the Bursar, his/her registration will be cancelled without further notice. If a student becomes financially ineligible after preregistering, his/her preregistration will not be processed unless and until his/her account balance is paid in full.

Although the University regularly mails bills to students, it cannot assume responsibility for their receipt. Students are urged to obtain a copy of their financial account in Room 1103 of the South Administration Building if they are not certain their account is paid in full. This office is open from 8:30 a.m. to 4:15 p.m. Monday, Tuesday, Thursday, and Friday and from 8:30 a.m. to 7:00 p.m. on Wednesdays. Students may also obtain their account balance by phoning 454-4832.

All checks or money orders should be made payable to the University of Maryland for the exact amount due. The student's social security number must be written on the check. In cases where the University has awarded a grant scholarship, or workship, the appropriate amount will be deducted on the bill, mailed approximately one month after the start of the semester.

Students will be severed from University services for delinquent indebtedness to the University which occurs or is discovered during a semester. In the event that severance occurs, the individual may make payment during the semester in which services were severed and all these services except housing will be restored. For a student who lives in on-campus residence halls, and who fails to fully resolve any outstanding balance, the severance of housing services means that (1) the student must leave residence halls, (2) the student's room is assigned to another student, and (3) the severed student may reapply for housing services, if the account is later satisfactorily resolved and other University services are restored, and be placed last on a waiting list for available on-campus housing spaces. Students who are severed from University services and who fail to pay the indebtedness during the semester in which severance occurs will be ineligible to preregister or register for subsequent semesters until the debt is cleared. In the event of actual registration in a later semester by a severed student who had not settled the student account prior to that semester, such registration will be cancelled and no credit will be earned for the semester.

Restoration of Services Fee: $25.00. Students who fail to pay the balance due on their accounts will have their University services severed. In order to have the services restored, students will be required to pay the total amount due plus the $25.00 Restoration of Services Fee.

The State has established, under legislative mandate, a CENTRAL COLLECTIONS UNIT within the Department of Budget and Fiscal Planning. This campus has been instructed that all delinquent accounts must be transferred to the State Collections Unit.

ALL ACCOUNTS DUE FROM STUDENTS, FACULTY, STAFF, NON-STUDENTS, ETC. ARE INCLUDED WITHIN THESE GUIDELINES.

Collection costs incurred in collecting delinquent accounts will be charged to the student. The University is required by State law to refer all past due accounts to the State Central Collections Unit. The minimum collection fee is 15% plus any attorney and/or court costs.

No degree will be conferred, no grade issued, nor any diploma, certificate, or transcript of record issued to a student who has not made satisfactory settlement of his or her account.

For checks from $50.01 to $100.00: $10.00
For checks over $100.00: $20.00

When a check is returned unpaid, the student must redeem the check and pay any outstanding balance in the account within 10 days or all University services may be severed and the account transferred to the state Central Collection Unit for legal follow-up. Additionally, a minimum 15% collection charge is added to the charges posted to the student's account at the time the transfer is made.

When a check is returned unpaid due to an error made by the student's bank, the student must obtain a letter from the branch manager of the bank or a person of equivalent status admitting such an error. This letter must be submitted to the Office of the Bursar to have the service charge waived.

Library Charges: $ .25 — Fine for failure to return a book from General Library before expiration of loan period: per day. Fine for failure to return book from Reserve Shelf before expiration of loan period: First hour overdue on first day: $1.00; after first hour on first day, $ .50 per hour for each hour open up to a maximum of $30.00 per item. Where responsibility for the damage can be fixed, the individual student will be billed for it; where responsibility cannot be fixed, the cost of repairing the damage or replacing equipment will be prorated among the individuals involved.

Restoration of Services Fee: $25.00. Students who fail to pay the balance due on their accounts will have their University services severed. In order to have the services restored, students will be required to pay the total amount due plus the $25.00 Restoration of Services Fee.

Graduation Fee for Bachelor's and Master's Degrees: $15.00

Graduation Fee for Doctor's Degree: $60.00

Billing Information

Bills for payment of fees are mailed in July 1980 to students who preregistered for Fall 1980. Since the University has no deferred payment plan, PAYMENT IN FULL MUST BE MADE NO LATER THAN AUGUST 29, 1980, BY BOTH PREREGISTERED AND REGULAR REGISTRATION STUDENTS. Accounts not paid by August 29, 1980 are delinquent and subject to referral to the State Central Collections Unit at Baltimore.

For student convenience, payment by mail is encouraged; however, payment also may be made at the Office of the Cashier, South Administration Building. Students may pay in person at the Office of the Cashier, 8:30 a.m. to 4:15 p.m. Monday, Tuesday, Thursday and Friday and 8:30 a.m. to 7:00 p.m. on Wednesdays, where they are required to present a Student ID card with payment. Also students, if paying by personal check, may drop the payment in the Mail Remittances hallway drop box beside Room 1108, South Administration Building, at any time that the building is open. If a student uses the drop box, the processed check will serve as receipt.

Periodically during the semester bills will be mailed to students reflecting charges incurred for parking tickets, library fines, course adjustments, etc. These bills are due ON RECEIPT. THE UNIVERSITY CANNOT ASSUME RESPONSIBILITY FOR THEIR RECEIPT IF BILLS ARE NOT RECEIVED.

Students who have questions on their bills may obtain print-outs of their financial accounts by coming to Room 1103 of the South Administration Building between 8:30 a.m. and 4:15 p.m., Monday, Tuesday, Thursday and Friday, and 8:30 a.m. to 7:00 p.m. on Wednesday.

Each student is individually responsible for all of his or her fees and expenses. If a third party, such as an employer, agrees to pay these charges, the student is not relieved of his or her primary responsibility. In the event that such third party fails to honor its agreement, the University reserves the right to bill the students directly. Failure to pay this bill thereafter will result in the suspension of services to the student by the University and transference of the account to the State Central Collections Unit. WHEN A PAYMENT IS MADE TO THE UNIVERSITY, PAYMENT OF ANY OUTSTANDING BALANCE PRECEDES PAYMENT OF CURRENT INDEBTEDNESS. That is, the oldest account balance is liquidated first.

FAILURE TO PAY OUTSTANDING DEBTS WILL RESULT IN SEVERANCE OF UNIVERSITY SERVICES, INCLUDING THE $25.00 RESTORATION OF SERVICES FEE, AND TRANSFER OF THE ACCOUNT TO THE STATE CENTRAL COLLECTIONS UNIT. A MINIMUM OF 15% COLLECTIONS CHARGES ARE ADDED AT THIS TIME.

Remission of Fees for Faculty and Staff

Every semester an approved Authorization for Remission of Fees form must be turned in to the College Park Budget Office (Room 2132, Main Administration Building) in order to receive credit on the student bill for courses taken by faculty and staff members. Usually the authorizing department will forward this form directly to the Budget Office. Each faculty and staff member should check with his department to ascertain that the proper forms have been submitted.

Published deadlines and procedures for admission, readmission or reinstatement and registration apply to University faculty and staff who wish to take courses.

Questions regarding admissions? Contact Admissions Office, 454-5550.

Questions regarding registrations? Contact Registrations Office, 454-5559.

Questions regarding employee remission of fees? Contact Budget Office, 454-3106.

Withdrawal and Refund of Fees

No part of the charges for room and board is refundable except when the student officially withdraws or is dismissed from the University or when the student effectively completes residence halls and/or dining services release procedures. When the student completes the residence hall release procedures, charge adjustment will be computed based upon the requested release date and/or the date procedures for checking out of a room assignment are completed. Credits for housing services are made on a pro rata weekly basis.

In computing refunds to students who have scholarships and loans from University funds, the computation will be made in such a way as to return the maximum amount to the scholarship and loan accounts without loss to the University.

A part-time or full-time undergraduate who drops MATH 001 will receive an 80% refund of the $75.00 fee if the course is dropped during the first five (5) days of classes, and 0% thereafter. MATH 001 will still be counted in the determination of hours for full-time or part-time status, notwithstanding the refund policy.

A part-time or full-time undergraduate student who drops COOP 208, 209, or ENCO 408, 409 will receive an 80% refund of the fee if the course is dropped during the first five (5) days of classes and 0% thereafter.

Withdrawal from the University

(August 27 or later)

1. All students must report to Room 1130, North Administration Building, to complete a withdrawal form.
2. Withdrawal becomes effective on the date form is filed with the Office of Withdrawal and Re-enrollment. Stopping payment on a check does not constitute an official withdrawal.
3. A tuition credit adjustment will be initiated upon receipt of the withdrawal form. The amount of the adjustment is determined by the date the form is filed in the Withdrawal Office.
4. Registration, Health, Athletic, and Activity Fees are not refundable. A base figure of $385.00 for resident students and $1,245.00 for non-resident students is used in computing the amount of the credit adjustment after August 26. Credit adjustments for housing services not utilized are based upon the date of completion of residence halls checkout procedures and not upon the date of withdrawal from classes.
5. Be certain to return all books to the Library and clear all financial accounts at the Office of the Bursar, South Administration Building. Refunds for credit adjustments will be authorized after all student financial aid adjustments have been processed and any balance remaining on the account has been deducted.

Refunds

To obtain a refund of a credit balance, a STUDENT must request the refund in writing. This can be done by: (1) addressing a letter to: Office of the Bursar, University of Maryland, College Park, Md. 20742, or (2) completing a request for refund form available at the Student Counter, 1103 South Administration Building, and Withdrawal Office, Registrations Office and Student Aid Office, North Administration Building. NO CREDIT BALANCE IS AUTOMATICALLY REFUNDED. Approximately five to six weeks is required from the time a credit balance appears on the account and a refund request is received until a check is mailed from the State Treasurer's Office in Annapolis. THE CHECK WILL BE MADE PAYABLE TO THE STUDENT and mailed to the address requested by the student on the refund form. Refund checks will not be mailed to a campus address.

Withdrawal from Residence Halls and/or A Meal Plan

1. In order to receive a credit adjustment for the unused portion of a Resident Life or Dining Service agreement, a student must notify those offices in writing or in person.
2. The Dining Service I.D. Card must be turned in to the Dining Services Business Offices or a $20.00 fine will be incurred.
3. A student who requests cancellation of his/her Dining Services Agreement must have the approval of the Department of Dining Services. If approved, there will be a $20.00 charge for cancelling the contract in addition to the prorated charge for meals.
4. The addresses of the Resident Life Office and Dining Services Offices follow:

   Assignments Office
   of Resident Life
   Room 3117
   North Administration Building

   Business Office
   Dining Services
   Room 0150
   South Campus Dining Hall
5. Resident Life credit adjustments are based upon the date written notice of cancellation is received, and/or the check-out date from the residence hall and in accordance with the applicable procedures outlined in the Residence Halls Agreement. No credit adjustments may be processed after the fourteenth week of classes in a semester.

Financial Aid Information

Students on scholarships and grants are expected to maintain a semester credit load of 12 hours. Courses taken as "Audit" cannot be counted toward credit level. If the registration of a student with a scholarship or grant falls below the required credit hours, the scholarship or grant is automatically cancelled. Cancellation of a scholarship or grant without subsequent payment of amounts due will lead to an indebtedness to the University. Such indebtedness can in turn lead to severance of services by the University. Any student receiving financial aid who is contemplating dropping credits should see his/her financial aid counselor *before* taking such action.

Students sponsored by an agency or their employer remain responsible for their fees. When payment is not received by the University from the sponsor, the student will be charged.

Preregistered students' bills will be mailed. Students not preregistered will complete an estimated bill form at registration time. The following information may be helpful:

1. All University scholarships and grants (including BEOG, SEOG, and National Direct Student Loans) will be credited to the bill as designated in the award letter. If you have already paid your Student Account, you must submit in writing a request for a refund to the Office of the Bursar. The refund will take approximately five to six weeks to process after the credit balance appears on your Student Account and the refund request is received. If not credited on preregistered bill, deduct approved financial aid award amount and pay the difference. BEOG, SEOG, NDSL, and other refundable grant funds not needed to complete payment of the University bill will be available by check from the Office of the Bursar.
2. Financial aid will be credited to student accounts. A check for any balance remaining after charges are paid will be available for those students receiving financial aid. Preregistered students may pick up checks in Room 1103 of the South Administration Building from 8:30 a.m. until noon and from 1:00 p.m. until 7:00 p.m. on August 20 and until 4:00 p.m. on August 21 and 22 and in the Armory from August 27 to 29. New registrants may pick up checks in the Armory on August 25-29*. Checks should be picked up as soon as possible. You must have your ID card and proof of registration (current ID card and/or add slips) in order to obtain your check.
3. Students who receive scholarships, grants, or loans after classes have begun and who have paid their Student Account for the award period must request a refund in writing from the Office of the Bursar. The refund will take approximately five to six weeks to process after the credit balance appears on the account and the refund request is received.
4. Other scholarships and grants paid to the University by an outside agency will be credited to the student's bill. (Exception — National Merit Scholarship checks will be available in the Office of the Bursar.)
5. Guaranteed Loan checks are distributed to students by the lending agency, except in those cases where the lending institution sends the check to the University directly. These checks are to be picked up at the Office of the Bursar, Room 1103, South Administration Building.
6. Dining Hall cash jobs will be paid bi-weekly to student as work is performed.
7. Dining Hall Workships (and other University Workships) will be credited to bill as designated in award letter.
8. College Work Study and other University student employment will be paid to the student bi-weekly as work is performed.
9. STUDENTS WHO RECEIVE A NATIONAL DIRECT STUDENT LOAN MUST SUBMIT PROPERLY EXECUTED PROMISSORY NOTES AND ASSOCIATED FORMS. The loan credit cannot be posted to the student's account nor a check disbursed if the student has not turned in these forms.

   A student who has not received final approval of a financial aid award and accepted the award should not expect a credit on his/her bill nor a check at the time of registration. No deferment will be granted and the student should be prepared to pay his/her bill by the first day of classes unless financial aid has been awarded and accepted by the student.

Deferments for repaying NDSL loans require that students be registered at least half time: undergraduate students — 6 credits; graduate students — 24 academic units.

10. Students on financial aid who withdraw during a semester will receive a letter of warning advising them that a second such withdrawal may cancel their eligibility for aid in subsequent semesters. Students contemplating a second withdrawal, whether consecutive or nonconsecutive, should consult a Financial Aid Counselor *prior* to the withdrawal.
11. The University will only make adjustments to financial aid awards (due to an increase in the credit hours taken to maintain the required 12 credit hours) until the beginning of the next spring semester for students attending the fall semester and June 30 for students attending the spring semester.

On August 25 and 26, alphabetic schedule for entrance to Armory is in effect.

Withdrawal from the University

(August 27 or later)

1. All students should report to Room 1130, North Administration Building to complete a withdrawal form.
2. Withdrawal becomes effective on the date the form is filed with the Withdrawal and Reenrollment Office.
3. Tuition refunds will be initiated upon receipt of the Withdrawal Form. The percentage of credit is determined by the date the form is filed in the Withdrawal Office.
4. Refer to the chart below for refund information. Registration, Health and Athletic Fees are not refundable.

Academic Information

The changes in academic information described on the following pages became effective August 1973 and are applicable only to course work for August 1973 and after.

Retention and Graduation

The University has minimum requirements for retention and graduation. A complete statement of these requirements are located in the *Undergraduate Catalog*.

Outlined below are certain provisions of the ACADEMIC RETENTION PLAN. This material, which was prepared by the Undergraduate Advisement Office, is to assist you in schedule planning and schedule change. It is *not* meant as a substitute for a thorough reading of "Requirements for Retention and Graduation," as found in the *Undergraduate Catalog*.

Table 1

The College Park Retention Plan is based on (1) QUALITY POINTS *and* (2) CUMULATIVE AVERAGE. Here's how to compute both.

(1) QUALITY POINTS (Q.P.'s): For each semester, Q.P.'s are awarded for grades of A, B, C, D, P, and S.

A Q.P. is the *numerical* equivalency of a *letter* grade. Course Q.P.'s are obtained by multiplying these numerical equivalencies by the number of credits the course has. To figure how many Q.P.'s you have earned, or expect to earn, for each of your courses, use the following table:

Q.P.'s given for expected or Actual Grade			Number of Credits in The Course		Total Quality Points for the Course
	A= 4				
	B= 3				
	C= 2	×		=	
	P= 2*				
	S= 2*				
	D= 1				
	F= 0				

EXAMPLE: Semester Schedule of 15 Credits —

Course	*Grades*	*Credits Earned*	*Q.P.'s*
ENGL 101	C	3	6
MATH 110	B	3	9
ZOOL 101	A	4	16
EDIN 101	P*	2*	4*
PSYC 100	D	3	3
		15	38

*These count only in figuring your Q.P.'s for the semester. They are not counted in your cumulative average.

(2) CUMULATIVE AVERAGE: Your cumulative average is based on TOTAL CREDITS ATTEMPTED — Any course you've ever taken at any of the University campuses for which you've been assigned a Grade of A, B, C, D, or F — and the TOTAL NUMBER OF QUALITY POINTS you've earned for these courses. (See Note below for Repeated Courses). Courses for which a Grade of "P" or "S" has been assigned are NOT included. To figure your cumulative average do the following:

NUMBER OF Q.P.'s EARNED ÷ NUMBER OF CREDITS ATTEMPTED = CUMULATIVE AVERAGE

EXAMPLE: Semester Schedule of 15 Credits (See Example Above)

Course	*Grades*	*Credits Attempted*	*Q.P.'s*	*Cumulative Average*
ENGL 101	C	3	6	
MATH 110	B	3	9	
ZOOL 101	A	4	16	Q.P.'s Earned — 118
EDIN 101	P	(2)	(4)	÷
PSYC 100	D	3	3	Credits Attempted — 40
Current Semester Totals		13	34	=
Previous Semester Totals		27	84	2.95
Total Credits		40	118	

Note: If you repeat a course that you took in the Fall Semester, 1973, or any semster since then, count only credits and quality points for the higher grade received for that course when figuring total credits attempted and total quality points.

Table II

MINIMUM QUALITY POINT REQUIREMENT:

If, at the end of Schedule Adjustment Period (First 10 days of classes)
You are officially registered for:

12 or more credits	11-9 credits	8-1 credits
You must earn for this semester a minimum of:		
24 Quality Points (On grades of A, B, C, D, P, and S. Marks of F, W, and I do not confer Quality Points) Note: See Table III, below for exceptions	22 Q.P.'s for 11 credits 20 Q.P.'s for 10 credits 18 Q.P.'s for 9 credits	For part-time students there is no minimum quality point requirement. Note: If you have completed 45 credits, you must fulfill the cumulative average requirement, below.

CUMULATIVE AVERAGE REQUIREMENT:

If at the end of last semester, your total number of credits completed was 45* or more, then at the end of this semester you must have:

The Minimum Quality Point Requirement (Full-time Students — 9 or more credits) *and* A Cumulative Grade Point Average of 1.95 (Full-time *and* Part-time Students)

+On your grade report for last semester, add "hrs. attempt." *and* "transfer credit level" and pass-fail courses to see if you have 45 or more.

Credits completed with grades of A,B,C,D, and F, but not S,W,P or I will be used in the computation of the cumulative average.

If these requirements are not met, Academic Probation will result. Two consecutive or four non-consecutive semesters of Academic Probation will result in Academic Dismissal.

Table III

Are you registering at the College Park Campus for the *First Time?* If so, then here's what you need to earn in your first semester for the Retention Plan:

A. FULL-TIME FRESHMAN[2] with no more than 8 credits earned through prior college/university attendance —	B. FULL-TIME TRANSFER[3] STUDENT with 44 or fewer credits accepted for transfer —	C. FULL-TIME TRANSFER STUDENT with 45 or more credits accepted for transfer —
18 Q.P.'s	18 Q.P.'s	1.95 Cumulative Average

Note: To meet this requirement, students registering for 12 or more credits would have to earn at least 24 Q.P.'s. Students registering for 9 credits would have to earn 18 Q.P.'s; 10 credits — 20 Q.P.'s; 11 credits — 22 Q.P.'s.

Marking System

1. The following symbols are used on the student's permanent record for all courses in which he is enrolled after the initial registration and schedule adjustment period: A, B, C, D, F, I, P, S, and W (Instructors are not permitted to change a grade of "W".) These marks remain as part of the student's permanent record and may only be changed by the original instructor on certification, approved by the department chairman and Divisional Officer, that an actual mistake was made in determining or recording the grade.
2. The *mark of A* denotes excellent mastery of the subject. It denotes outstanding scholarship. In computations of cumulative or semester averages a mark of A will be assigned a value of 4 quality points per credit hour.
3. The *mark of B* denotes good mastery of the subject. It denotes good scholarship. In computations of cumulative or semester averages a mark of B will be assigned a value of 3 quality points per credit hour.
4. The *mark of C* denotes acceptable mastery. It denotes the usual achievement expected. In computation of cumulative or semester averages a mark of C will be assigned a value of 2 quality points per credit hour.
5. The *mark of D* denotes borderline understanding of the subject. It denotes marginal performance, and it does not represent satisfactory progress toward a degree. In computations of cumulative or semester averages a mark of D will be assigned a value of 1 quality point per credit hour.
6. The *mark of F* denotes failure to understand the subject. It denotes unsatisfactory performance. In computations of cumulative or semester averages a mark of F will be assigned a value of 0 quality points per credit hour.
7. The *mark of P* is a student option mark, equivalent to A, B, C, or D. (See PASS-FAIL option). The student must inform the Office of Registrations of his selection of this option by the end of the schedule adjustment period. In computation of cumulative averages a mark of P will not be included. In computation of quality points achieved for a semester, a mark of P will be assigned a value of 2 quality points per credit hour.
8. The *mark of S* is a department option mark which may be used to denote satisfactory participation by a student in progressing thesis projects, orientation courses, practice teaching and the like. In computation of cumulative averages a mark of S will not be included. In computation of quality points achieved for a semester, a mark of S will be assigned a value of 2 quality points per credit hour.
9. The *mark I* is an exceptional mark which is an instructor option. It is given only to a student whose work in a course has been qualitatively satisfactory, when, because of illness or other circumstances beyond his control, he has been unable to complete some small portion of the work of the course. In no case will the mark I be recorded for a student who has not completed the major portion of the work of the course. The student will remove the I by completing work assigned by the instructor. It is the student's responsibility to request arrangements for completion of the work. An "Incomplete Contract" should be drawn up between student and instructor outlining these arrangements. A copy of this is to be filed in the Department Office. The work must be completed by the end of the next semester in which the course is again offered and in which the student is in attendance at the College Park Campus; otherwise the I becomes terminal (equivalent to W). Exceptions to the time period cited above may be granted by the student's Dean or Divisional Officer upon the written request of the student if circumstances warrant further delay. If the instructor is unavailable, the department chairman will, upon request of the student, make appropriate arrangements for the student to complete the course requirements. It is the responsibility of the instructor or department chairman concerned to return the appropriate supplementary grade report to the Office of Registrations promptly upon completion of the work. The I cannot be removed through registration for the course or through the technique of "credit by examination". In any event this mark shall not be used in any computations.
10. The *mark W* is used to denote that the student withdrew from a course in which he was enrolled at the end of the Schedule Adjustment Period. For information and completeness, the mark "W" is placed on the permanent record by the Registrations Office. This mark shall not be used in any computation of quality point or cumulative average totals at the end of the semester. However, this mark does not change the minimum number of quality points a student is required to achieve based on registration at the end of the Schedule Adjustment Period.
11. *Audit.* A student may register to audit a course or courses in which space is available. The notation AUD will be placed on his transcript for each course audited. A notation to the effect that this symbol does not imply attendance or any other effort in the course will be included on the transcript in the explanation of the grading system.

Credit by Examination for Undergraduate Students

1. Credit may be earned by examination for any undergraduate course, for which a suitable examination has been adopted or prepared by the department granting the credit. When standardized CLEP (College Level Examination Program) examinations are available and University of Maryland approved, they may be used. However, since CLEP examinations count as transfer credit, they generally may not be used during the student's last 30 credits before graduation.
2. Any student may take a course by examination by obtaining an application form from Dr. Helen Clarke (Room 3147, Hornbake Undergraduate Library), paying the requisite fees, and taking the examination at a time mutually agreeable to the student and the department offering the course.
3. The applicant must be formally admitted to the University of Maryland. Posting of credit, however, will be delayed until the student is registered.
4. Application for credit by examination is equivalent to registration for a course; however, the following conditions apply:
   A. A student may cancel his application at any time prior to completion of the examination with no entry on his permanent record. (Equivalent to the schedule adjustment period.)
   B. The instructor makes the results of the examination available to the student prior to formal submission of the grade. Before formal submission of the grade, a student may elect not to have this grade recorded. In this case a symbol of "W" is recorded. (Equivalent to the drop procedure.)
   C. No course may be attempted more than twice.
   D. The instructor must certify on the report of the examination submitted to the Registrations Office that copies of the examination questions or identifying information in the case of standardized examinations, and the student's answers have been filed with the Chairman of the department offering the course.
5. Letter grades earned on examinations to establish credit (if accepted by the student) are entered on the student's transcript and used in computing his cumulative grade point average. The quality points earned on credit by exam are not counted in the current semester's quality point total. A student may elect to take an examination for credit on a "Pass-Fail" basis under the normal "Pass-Fail" regulations.
6. Undergraduate students may earn by examination no more than half the credits required for the degree.
7. Fees for Credit by Examination.
   A. Fees for CLEP (College Level Examination Program) and other standardized examinations.
      (a) Fees for these examinations are determined externally and are not altered by the University. Credits earned by taking such examinations are treated as transfer credits.
   B. Fees for University administered examinations to establish credit.
      (1) All undergraduate students are charged $30.00 for each course examination regardless of the number of credits. This fee is paid upon application for the examination and is not refundable regardless of whether or not the student completes the examination.

---

[2] (i.e. students registered for 9 or more semester hours)

[3] "Full-time Transfer Student" includes students transferring from other University of Maryland campuses. Grade Point Averages, Semester Hours Attempted, Semester Hours Earned, and Quality Points from the other campus(es) are included in all College Park calculations.

Undergraduate Pass-Fail Option

1. An **undergraduate** who has completed 15 or more credit hours at the College Park Campus and has a cumulative average of at least 2.00 may register for courses on the PASS-FAIL option during any semester or summer session.
2. Certain divisional requirements, major requirements or field of concentration requirements do not allow the use of the PASS-FAIL option. Certain courses within a department may be designated by that department as not available under the PASS-FAIL option. It is the responsibility of each student electing this option to ascertain in conjunction with his Provost, Dean, department or major advisor, whether the particular courses will be applicable to his degree requirements under the PASS-FAIL option.
3. No more than 20 percent of the College Park campus credits offered toward the degree may be taken on the PASS-FAIL option basis.
4. Students registering for a course under the PASS-FAIL option are required to complete all regular course requirements. Their work will be evaluated by the instructor by the normal procedure for letter grades. The instructor will submit the normal grade. The grades A, B, C, or D will automatically be converted by the Office of Registrations to the grade P on the student's permanent record. In computation of cumulative averages a mark P will not be included. In computation of quality points achieved for a semester a mark of P will be assigned a value of 2 quality points per credit hour. The grade F will remain as given. The choice of grading option may be changed only during the schedule adjustment period for courses in which the student is currently registered.

NOTE: Changes of grading option (e.g., Regular to PASS-FAIL) may be processed only during the first ten days of classes.

GRADUATE — Not eligible for the PASS-FAIL grading option.

Commencement Honors

Honors for excellence in scholarship are awarded to not more than ten percent (10%)of the graduating class in each degree granting unit. Summa Cum Laude is offered to the highest two percent (2%), Magna Cum Laude to the next three percent (3%), and Cum Laude to the next five percent (5%). To be eligible for this recognition, a total of at least 60 semester credits earned at the University of Maryland is required. Of these 60 credits, at least 30 credits must have been earned at the College Park campus. No student with an average less than 3.00 will be considered. (The computation of the average does not include grades for courses taken during the last semester of registration before graduation, although the hours earned for that semester will apply toward the 60-hour requirement.)

Behavioral & Social Sciences: No divisional requirements.

Arts and Humanities: The divisional requirements for the Bachelor of Arts degree from the Division of Arts and Humanities are as follows. Students must:

1. **Distribute their courses so that they successfully complete a minimum of 45 semester hours at the 300-400 course level.**
2. **Demonstrate proficiency in a foreign language equivalent to the level achieved by successfully completing the first 12 semester hours study of a foreign language (course level 104, 115, or 204; exception, CHIN 102). Students can satisfy this requirement if they have successfully completed level three in high school in one foreign language or level two in each of two foreign languages. Students may not take foreign language courses taught in English translation to satisfy the requirement.**
3. **Successfully complete one of the following courses in speech communication: SPCH 100, 107, 125, 220, or 230.**

   Students who have successfully completed a full unit of speech in high school will satisfy the speech requirement.
4. **Successfully complete at least three (3) semester hours in the humanities as defined by the following course offerings: AMST, GREK, LATN, ENGL, CMLT, FREN, ITAL, GERM, RUSS, FOLA, HIST, CHIN, JAPN, HEBR, PHIL, SPAN, PORT, RLST.**
5. Successfully complete at least three (3) semester hours in the fine arts, as defined by the following course offerings: ARCH, ARTH, ARTS, DANC, MUSC, RTVF, SPCH, THET.

Human and Community Resources: No divisional requirements.

Note: Courses completed in fulfillment of divisional requirements may *not* be counted in fulfillment of General University Requirements. This regulation does not apply to students completing University Studies Program.

General University Requirements (G.U.R.)

Students who began baccalaureate study prior to May, 1980 may elect to complete these requirements rather than the University Studies Program requirements. (See page 17.)

Effective August 1973, new GENERAL UNIVERSITY REQUIREMENTS replaced the General Education Requirements. Students enrolled in the University prior to August 1973 have the option of completing either the old General Education Requirements or the new General University Requirements. *All students first entering the University in August 1973 or after must complete the new General University Requirements.*

GENERAL UNIVERSITY REQUIREMENTS consist of 30 semester hours of credit distributed as described below:

I. At least 6 credits must be taken in each area. At least 9 of the 30 semester hours must be taken at the 300 level or above. None of the 30 hours may be counted toward published departmental, college or divisional requirements for a degree. Students may select either the pass-fail or letter grading option for these courses as outlined in this Schedule (See Pass-Fail Option).

Area A: 6-12 hours elected in the Divisions of Agricultural and Life Sciences; Mathematical & Physical Sciences & Engineering.

Area B: 6-12 hours in the Divisions of Behavioral and Social Sciences: Human and Community Resources.

Area C: 6-12 hours in the Division of Arts & Humanities.

In meeting these area requirements, students may choose from among any undergraduate courses for which they are qualified. Students are urged to consult with academic advisors for guidance in determining which courses in each area best fit individual needs and interests.

II. New freshman students who entered the University during Summer Session, 1978, or who were admitted for Fall semester, 1978, must complete six credits of English composition. The specific required courses are ENGL 101 *and* ENGL 391 or 393. Exemptions based on SAT-VERBAL scores and ADVANCED PLACEMENT scores are allowed. Questions about exemptions for individual students should be referred to the English Department, extension 4160.

Only three credits of the required six credits in English Composition may be applied toward fulfilling General University Requirements. When used, these three credits may be *in addition to* the twelve-credit maximum in Area "C". None of the composition credits, however, may be used to satisfy the minimum six-credit requirement for Areas "A," "B," "C," *or* the nine-credit upper division requirement.

The English Department strongly advises entering freshmen to fulfill the first composition requirement during their first year of coursework. Since junior standing is a prerequisite for ENGL 391 and 393, students should register for the second semester of composition only after having earned fifty-six semester hours of credit.

To further define "area" this chart has been prepared by the Advisor's Workshop. On the chart is listed the prefix of all courses offered on the College Park campus. The prefixes are listed according to which area (A, B, or C) of the General University Requirements they will meet.

Area A Ag. & Life Sci. I Math & Phy. & Engin. II	Area B Behav. & Soc. Sci. III Hum. & Comm. Res. V	AreaC Arts & Hum. IV

MUED: Same as ARTE

NOTE: Students who began baccalaureate study after May, 1978 must complete the English composition requirement specified in the Fundamental Studies section of the University Studies Program (see page 17). Only three hours of this six hour requirement may be used to satisfy General University Requirements.

The University Studies Program

Virtually all American colleges and universities ask that students receiving a degree complete a common set of requirements. These common requirements are usually referred to by the generic term "general education." General education requirements represent a faculty's definition of the knowledge, awareness, and skills that all graduates should possess before that faculty will give its consent to the awarding of a degree. General education is that portion of the degree requirements in which the entire faculty has a concern.

The University Studies Program is the general education requirement at the University of Maryland, College Park. This program must be completed by all students beginning baccalaureate study after May, 1980. It is intended to provide students with the intellectual skills and conceptual background basic to an understanding of the universe, society and themselves. The focus is not on any particular bodies of knowledge, for almost any subject matter can lead to an awareness of general modes of understanding the world. Thus, for example, it does not matter whether the student studies physics or botany as long as he or she comes away from the course with some understanding of the power of the empirical investigation that characterizes science.

The University Studies Program has three parts. The "Fundamental Studies" section of the program is intended to establish the student's ability to participate in the discourse of the university through demonstrated mastery of written English and mathematics. These requirements are to be completed early in the student's program in order to serve as a foundation for subsequent work.

The "Distributive Studies" requirement is intended, through study in particular disciplines, to acquaint students with the different ways of analyzing and talking about the world that characterize the three areas into which the university's knowledge is traditionally divided: the physical and biological sciences, the social and behavioral sciences, and the arts and humanities. The fourth category, "History and Culture," includes courses that lead to the consideration of historical and cultural differences and the relationship of our own society to those of other times and places.

During the 1980-81 academic year, an "Advanced Studies" requirement of six credit hours will be defined. While the specific form of this requirement has not been finally determined, it is expected that it will include only courses offered at 300- and 400-level (upper division) and that students will have to have reached junior standing (56 cr. hrs. completed) before being eligible to enroll in these courses. "Advanced Studies" work will ask students to consider and apply their knowledge in broad contexts and in ways that require a higher level of intellectual sophistication.

The University Studies requirements, designed to be spread throughout the student's four years, represent a third of the total academic work required for graduation. It is the purpose of this program, in combination with the extensive work of the major, to help prepare students to become productive, aware and sensitive members of society, capable of understanding their world and the many kinds of people in it and of taking responsibility for their own decisions and their own lives.

Outline of the Program

These requirements are effective for students beginning baccalaureate study in May, 1980 or thereafter.

Foreign Language Placement

Arts and Humanities Requirements: If a student has had three years of one foreign language or two years in each of two foreign languages as recorded on his/her high school transcript, he or she is not required to take any foreign language in the division, although he or she may elect to do so. However, the College of Journalism requires completion either by course work or placement, of any intermediate language level (104, 115). The School of Architecture has no foreign language requirement.

Classics Department: Students who have earned a 5, 4, 3 on the Advanced Placement Examination in Latin may apply for college credit through the Department. Students should see Dr. Robert Boughner (Foreign Language Building 4202).

French Department: A departmental placement exam will be given to *all* students registering *for the first time* on this campus for French language courses in the basic and intermediate sequence (100 level and 201 and 211). The examination will be administered in the language laboratory of the Language Media Center during the week prior to preregistration, during preregistration and during registration week from 8 a.m. to 3 p.m. The exam may be taken during those hours at the student's convenience. Students should take this examination before registering so that they may be placed at the proper course level. Results will be available in the Department of French and Italian, room 3106D. CEEB French Achievement test scores will be accepted on an equivalent basis with the placement exam. Meanwhile, those wishing to register prior to taking the exam may find the following guidelines helpful: French 101 for those with less than two years of French; French 103 or 104 for those with two years or more. *Do not register for 102 unless you have had French 101 on this campus.* As French 101, 103 and 121 (Accelerated French I) treat similar material, credit will normally be granted for *only one.* "Audit," however, is permitted. Likewise, credit will normally be granted for French 104 *or* French 102 (Accelerated French II), but not for both. Again, the option of "Audit" remains open.

Spanish Department: Students who have had at least two years of high school Spanish, and who wish to continue or resume their study of that language, are urged to take the placement exam if (1) they feel uncertain of their ability to take Spanish 104, or (2) they wish to be exempted from Spanish 104. Students who have taken the CEEB Spanish Achievement test should submit their achievement scores in lieu of taking the University's placement exam. A student with two or more years of high school Spanish may take Spanish 101 for credit provided he or she obtains the permission of the Chairman of the Department. Students starting in Spanish 101 must follow the prescribed sequence of Spanish 101, 102, and 104. Students who feel uncertain of their ability to take Spanish 104 may choose to take Spanish 103 (a one semester review course) without taking the University placement exam. Spanish students placing in 103 must complete 104 to satisfy the divisional language requirement. Students placing in 104 are required to complete 104 only. Students placing above 104, or who have taken the equivalent of 104 at another institution, are deemed to have satisfied the language requirement.

German and Spanish Placement Exam Schedule:

During the semester there will be placement testing in Room 0106, Shoemaker Building. To be admitted for testing, students must have a picture I.D. Call R. Williams, X2931, for appointment. Testing during Fall Registration will be Wednesday, August 27, 1980, and Thursday, August 28, 1980, at 4:00 p.m. in the Testing Room, Shoemaker Building. Bring a picture I.D. in order to be admitted.

Guidelines to Administration of Examinations and Tests on Religious Holidays

Examinations and tests: All examinations and tests shall be given during class hours in accordance with the regularly scheduled (or officially "arranged") time and place of each course listed in the *Schedule of Classes* and/or the *Undergraduate Catalog*. Unpublished changes in the scheduling or location of classes/tests must be approved by the department chairman and reported to the Provost. It is the responsibility of the student to be informed concerning the dates of announced quizzes, tests and examinations.

It is the policy of the University to excuse the absences of students that result from religious observances and to provide without penalty for the rescheduling of examinations that fall on religious holidays. Examinations and tests may not be scheduled on Rosh Hashannah, Yom Kippur, or Good Friday.* An instructor is not under obligation to give a student a make-up examination unless the absence was caused by illness, *religious observance* or by participating in University activities at the request of University authorities.

A make-up examination, when permitted, must be given on Campus, unless the published schedule and course description require other arrangements. The make-up examination must be at a time and place mutually agreeable to the instructor and student, cover only the material for which the student was originally responsible, and be given within a time limit that retains currency of the material. The make-up must not interfere with the student's regularly scheduled classes in the event that a group of students require the same make-up examination; one make-up time may be scheduled at the convenience of the instructor and the largest possible number of students involved. Under the same guidelines students shall have equal access to all information and drills missed due to the reasons listed.

*For the academic year 1980-81, this means Thursday, September 11, 1980 for Rosh Hashannah. Yom Kippur falls on Saturday, September 20, so the scheduling of exams will not be affected.

Policy on Non-Discrimination

The University of Maryland is an equal opportunity institution with respect to both education and employment. The University's policies, programs and activities conform to pertinent federal and state laws and regulations on non-discrimination regarding race, color, religion, age, national origin, sex, and handicap. Inquiries regarding compliance with Title VI of the Civil Rights Act of 1964, as amended, Title IX of the 1972 Education Amendments, Section 504 of the Rehabilitation Act of 1973, or related legal requirements should be directed to the appropriate individual designated below.

Director of the Office of Human Relations

University of Maryland, College Park
College Park, Maryland 20742

Campus Coordinator for §504 of the
Rehabilitation Act of 1973
Room 2101, Main Administration Building
University of Maryland, College Park
College Park, Maryland 20742

The University of Maryland uses an individual student's social security number as his or her identification number for University records. If you do not wish the University to use your social security number for this purpose, write the Office of Registrations, North Administration Building, College Park, Maryland 20742. The University will then assign its own number to you for record-keeping purposes.

The provisions of this publication are not to be regarded as an irrevocable contract between the student and the University of Maryland. Changes are effected from time to time in the general regulations, in class scheduling, and in the academic requirements.

The Office of Human Relations Programs Wants to Know Do You Know Your Human Relations Code?

Q. What is the UMCP Human Relations Code?
A. The Code is the campus document prohibiting discrimination within the College Park Campus community on the basis of race, color, creed, sex, marital status, personal appearance, age, national origin, political affiliation, mental or physical handicap, and on the basis of the exercise of rights secured by the First Amendment of the United States Constitution. The Human Relations Code establishes formal grievance and mediation procedures for the Campus.

Q. To whom does the Human Relations Code apply?
A. All UMCP students, faculty and staff in all academic and non-academic units of the Campus. Organizations and committees functioning under the direction and supervision of the campus administration are also expected to abide by its directives against discriminatory behavior.

Q. And what kinds of things could a person complain about?
A. Per Section II. A. 1 and 2 of the Code: Complaints of discrimination may be filed because of race, color, creed, sex, marital status, personal appearance, age, national origin, political affiliation, mental or physical handicap, or on the basis of exercise of rights secured by the First Amendment of the United States Constitution.

Q. How does a person file a complaint?
A. There are two types of procedures:
Formal Process: Article III of the Human Relations Code outlines a procedure which requires an individual to file a formal grievance with the Campus Compliance Officer of the Office of Human Relations Programs, with the EEEO Officer of a professional college or department, or with a Divisional Equity Officer. The grievance must be filed within 120 days of the time the allegedly discriminatory act(s) occurred or within 120 days of the time when one first became aware of the act(s).
Informal Process: Article III. D — Any member of the Campus Community who believes that he or she has been or is being discriminated against in ways prohibited by the Code may consult confidentially with any of the persons designated above and ask for help in settling a dispute informally. A majority of the complaints received by the Office of Human Relations Programs are resolved in this manner.

Q. Does everyone have to know I've been there when I come in to discuss something I may want to complain about?
A. Not necessarily. The degree of confidentiality maintained by the office is specified in Article III C of the Code. You are free to decide what sort of assistance you want. You can also be counseled about the kind of help you may need. Some types of assistance can be given without your being identified beyond the Human Relations Office. Other kinds of help may require your permission to reveal your name to a limited extent. The important thing is that you can decide on the kind of help you want and/or whether or not you want to accept the form of help that is available.

Q. How long does it take to resolve a grievance?
A. It depends upon the nature of the case. Investigation of each case begins shortly after it is received to determine whether or not a complaint is one which can be handled under the Code and one which appears to be substantive.

Q. Do you ever get any complaints that don't appear to be valid?
A. Sometimes.

Q. Suppose I think mine is valid and someone I complain to officially doesn't agree?
A. You can check out the opinions of the Human Relations Office, an equity officer or an EEEO officer by means of an appeal process which is outlined in the Code.

Q. Is complaining worth the trouble?
A. From January, 1977-December, 1977, 40 informal complaints were filed and investigated. During the same period, 39 formal complaints were filed and settled or referred for settlement by means of other more appropriate grievance processes.

Q. Who else on campus besides the Human Relations Office has major responsibility for equal opportunity and affirmative action matters?
A. Each academic and non-academic unit has a person who functions as an equity officer. That is to say, he or she is responsible for processing and monitoring equity matters within his/her unit. These people have various official titles such as Assistant Provost, Assistant to the Provost, Assistant Vice Chancellor or Assistant to the Vice Chancellor. They report directly to the administrators to whom their titles designate they are responsible.

Q. Where can I get a copy of the Human Relations Code and possibly discuss something that concerns me?
A. You may speak with any of the following:

ANDERSON, AMEL (Dr.)
Agricultural & Life Sciences
1110 Symons Hall x5981

BURGER, MARY (Dr.)
Arts and Humanities
1101 Francis Scott Key x6794

WATERS, LAWRENCE (Mr.)

Q. Does the Human Relations Office work with other organizations on campus to combat discrimination?
A. Yes, with both on-campus and off-campus organizations. Such groups have access to other forms of technical and consultative assistance on request.

Q. Can I or my organization come in and discuss an idea for addressing discrimination on the UMCP Campus?
A. Certainly. Students, faculty, and staff often do and are welcome. You are encouraged to speak with Human Relations Office staff and with Campus equity officers in the Vice Chancellors' and Provosts' offices as well.

Q. What if my filing a grievance results in some form of retaliation against me? What can be done?
A. Actions undertaken to eliminate discriminatory treatment include negotiation and persuasion. These have proved successful in discouraging retaliation against complainants.

Q. What about students with legitimate complaints of unfair treatment that may not be related to acts of discrimination? Is there a student grievance procedure that provides protection for them?
A. Such a procedure was initially proposed by the Human Relations Office drafted by the Campus Senate and reviewed by the Chancellor. It was recently remanded by the Chancellor to the Senate Executive Committee. The Committee will consider it further and may amend it prior to presenting it again to the Senate body. Should the Senate vote to do so, it will again transmit the procedure to the Chancellor for approval.

Advisement Information

Advisement

UNDERGRADUATE — Advising is an essential part of an undergraduate's educational experiences at the University of Maryland. From orientation to graduation, it can provide the kind of concerned assistance that helps students better understand their purposes for "being in college."

For most students, advising is not required. This allows individual students to decide, on the basis of personal circumstances and needs, whether or not to see an advisor. There are some groups of students, though, who *must* obtain advising assistance. These include:

NEWLY ADMITTED FRESHMEN AND TRANSFER STUDENTS, STUDENTS ON ACADEMIC PROBATION, STUDENTS SEEKING REINSTATEMENT AFTER DISMISSAL OR WITHDRAWAL, and STUDENTS NEARING SENIOR STATUS.

Undergraduate students at the College Park Campus are encouraged to use the many advisement opportunities that are available to them. At all academic levels — divisional, college, and departmental — at least one person has been designated to coordinate advising. A list of these persons, providing name, room number, and telephone extension is published each semester in the *Schedule of Classes.* Students who are unable to locate an advisor or who have questions about campus advising programs should visit or call the Undergraduate Advising Center, Room 3155, Undergraduate Library, 454-2733 or 454-3040.

GRADUATE — Graduate students preregistering or registering for courses must have the approval of their program advisors in order to make certain that the minimum Graduate School and program requirements are being satisfied, particularly in the case of degree seekers.

Credit Limits

UNDERGRADUATE — limited to **19 semester hours**

Any exceptions must be approved by the Dean or Provost. Forms for this purpose will be available in the Dean's or Provost's Office and should be turned in with Registration materials.

GRADUATE — limited to **15 semester hours**

GRADUATE STUDENTS WITH A TEACHING OR RESEARCH ASSISTANTSHIP — limited to **10 semester hours**

Full-Time Status

Effective August 1973, official status (either full-time or part-time) *for academic purposes* will be determined on the basis of a student's registration at the end of the Schedule Adjustment Period. The Schedule Adjustment Period is defined as the first ten days of classes.

UNDERGRADUATE — Full-time — Registered for 9 or more semester hours at the end of the Schedule Adjustment Period. Note, however, that students on scholarships and grants are expected to maintain a semester credit load of 12 hours. If the registration of a student with a scholarship or grant falls below the required credit hours, the scholarship or grant is automatically cancelled. Cancellation of a scholarship or grant without subsequent payment of amounts due will lead to an indebtedness to the University. Such indebtedness can in turn lead to severance of services by the University.

GRADUATE — Full-time — Registered for minimum of 48 graduate *units* at the end of the Schedule Adjustment Period.

GRADUATE STUDENTS WITH TEACHING OR RESEARCH ASSISTANTSHIP — Full-time — Registered for minimum of 24 graduate *units* at the end of the Schedule Adjustment Period.

Table for Computing Graduate Units

Course Number	Graduate Unit
000-399	2 units per credit hr.
400-499	4 units per credit hr.
500-599	5units per credit hr.
600-898	6 units per credit hr.
799	12 units per credit hr.
899	18 units per credit hr.

Course Numbering System

UNDERGRADUATE — eligible to register for courses numbered 000-499.

Freshmen and sophomores may not take 300-499 numbered courses. Any exceptions require special permission from the Dean or Provost.

GRADUATE — eligible to register for courses numbered 400-899.

600-899	Course restricted to graduate students
799	Masters Thesis credit
899	Doctoral dissertation credit
	Courses with last digit of 8 or 9 can be repeated for additional credit

Undergraduate Student Classifications

Sophomore	28-55 semester hours
Junior	56-85 semester hours
Senior	86 to at least 120 semester hours

Zero-Level Courses

FOLA 001 FOLA 002 GERM 001 MATH 001* RUSS 001

Although these courses carry credit for billing and status purposes, they are regarded as having zero credit for academic calculation purposes. Therefore, these courses are excluded from the calculation of credits registered at the end of the Schedule Adjustment Period, from the calculation of quality points and from the calculation of cumulative grade point averages.

*Math 001 fees are also discussed under "Fees and Expenses."

(3) To provide students the opportunity to seek correction of their education records where appropriate

Prior consent will not be required for disclosure of educational records to school officials of the University of Maryland who have been determined to have legitimate educational interests.

Certain information has been designated "Directory Information" and will be disclosed without prior consent unless a student files written notice. Directory Information consists of:

Name
Address
Telephone Listing
Date and Place of Birth
Photograph
Major Field of Study
Participation in Officially Recognized Activities and Sports
Weight and Height of Members of Athletic Teams
Dates of Attendance
Degrees and Awards Received

Students who wish to limit the disclosure of Directory Information or wish access to their official records should obtain the appropriate form at the Registrations Counter, North Administration Building, and return the completed form to the Registrations Counter. Requests to limit disclosure of Directory Information must be made within 3 weeks from the first day of the semester in which the student begins each school year. Such requests must be filed annually within the above allotted time.

Students alleging University noncompliance with the Family Educational Rights and Privacy Act may file a written complaint with the Family Educational Rights and Privacy Office, United States Department of Health, Education and Welfare, 330 Independence Avenue, S.W., Washington. D.C. 20201.

For complete University policy on access to and release of student data/information, see the current edition of the *Undergraduate Catalog*.

Would you sign up for a lifetime course in applied Christianity?

Our course will take you deep into the Third World, to some of the most depressed and oppressed places on earth.

To God's Country.

As a Maryknoll Missioner, you can share the love of God with these, His people. You can bring them hope and peace and dignity.

You will practice some very practical Christianity, too. You might set up adult education classes, show a starving farmer how to improve his crop, or a struggling worker how to improve his lot. Most of all, you will share the Gospel of Jesus Christ.

You will learn and keep on learning the rest of your life. You will learn and share their language, of course. But also their culture, traditions and, yes, their religion. You will learn the quality of joy that can only come from doing unto others, because all the while you give yourself to their lives, they give meaning to yours.

Call: TOLL FREE (800) 431-2008 and ask for Father Harper.
New York State residents call: (914) 941-7590.

DISTINGUISHED SCHOLAR-TEACHER COURSES

In 1978-79 the Campus initiated the Distinguished Scholar-Teacher Program whereby outstanding scholar-teachers will offer a series of special courses with an interdisciplinary emphasis. Each of the Distinguished Scholar-Teachers offers one course open to undergraduate students regardless of major. For the fall semester, the courses and instructors will be:

Prof. Stephen G. Brush — Department of History and Institute for Physical Science and Technology
HIST 200 — INTRODUCTION TO THE HISTORY OF SCIENCE: THE SECOND SCIENTIFIC REVOLUTION 1800-1950 (3) (Lect. MW-2/Dis. F-2 — RR1117). This course will attempt to convey an integrated view of the development of the physical and life sciences in the 19th and 20th centuries, stressing the fundamental ideas and their broad significance. The history of modern science will also be used to illustrate how scientists change from one theory to another on the basis of experiments, logical reasoning, and philosophical preconceptions. A few examples of the social impact of allied science will be discussed, such as intelligence tests.

Prof. E. Eugene Helm — Professor and Chairman, Division of Musicology
MUSC 248 — SPECIAL PROBLEMS IN MUSIC: WORDS AND MUSIC (3) (TTH-10-11:15 — NN3116). Relations between music and language from the ancient Greeks to the present. Prose as one extreme, "absolute music" as the other. Heightened speech, recitation, melody type, chant, recitative, strophic song, through-composed song, aria, program music, Classical symphony. Word-dominated melody, melody-dominated words. Words as determiner of musical form. Why do we remember the tune and forget the words? Great literary ideas in music: national epics, Psalms, Faust, Romeo and Juliet, Don Juan.

The Distinguished Scholar-Teachers represent the best instruction offered at College Park. In view of the general interest of these courses, the instructors will welcome to the classroom any member of the Campus community who wishes to attend some or all of the lectures. No advance arrangements are necessary.

DEPARTMENT OF AGRONOMY

AGRO 105 — SOIL AND THE ENVIRONMENT (3). Study of soils as an irreplaceable natural resource; interactions of soil with other environmental components; analysis of land resource regions in the U.S. and world; land-use problems in an urbanizing environment; planning for our land resource; how to select a home site; soil and environmental quality.

AFRO-AMERICAN STUDIES PROGRAM

AASP 298L — BLACKS AND THE LEGAL PROCESS (A Case Analysis). This course surveys and analyzes the major court cases of the 19th and 20th centuries involving serious impact on Afro-Americans. The political, social, and economic consequences of these cases will also be considered.

AASP 300 — THE BLACK COMMUNITY AND PUBLIC POLICY. A study of the role and impact of the black community in public policy formulation: scope and methods in public policy focusing on specific problems in the Black community; analysis and review of relationships between the policy makers and the community. With permission of the program, students may elect to devote time to specific community projects as part of the requirements of the course. The student will not serve in an agency in which he or she is currently employed.

AASP 428W — BLACK WOMEN IN AMERICA. This provocative course traces historically the role of black women from slavery to the 20th century. The lives, struggles, and accomplishments of numerous black women, organizations, issues, and personalities are discussed in detail.

AASP 429E — ALTERNATIVES TO SOCIAL WELFARE IN THE BLACK COMMUNITY. Examination and description of some of the approaches that have been tried or suggested as an alternative to the welfare system.

AASP 298V — THE BLUES AS A CULTURAL ART FORM. This course will consist of listening to various forms of Blues Music, viewing videotapes/movies and documentaries of performances by Blues artists. Artists, folklorists, historians, musicologists, and other authorities on Blues will be brought in periodically to address the class. AMST 498A — GROWING UP AMERICAN (Kelly). Using a variety of cultural documents, this course explores the changing concepts of childhood and childrearing in the United States during the last two centuries.

AMST 498B — SPACE, PLACE, AND ENVIRONMENT IN AMERICAN CULTURE (McCarthy). "Space", "Place", and "Environment" studied both as cultural concepts and as physical facts in America.

AMST 498C — POPULAR CULTURE IN AMERICA, 1840-1861 (Bode). Considers both the "high" and the "popular" culture of pre-Civil War America.

AMST 498D — IMAGINARY SOCIAL WORLDS (Caughey). Cultural exploration of imaginary social relations as found in American daydreams, memories, dreams, anticipations, and media.

DEPARTMENT OF ANTHROPOLOGY

ANTH 298B — ARCHAEOASTRONOMY (Carlson). This new interdisciplinary field seeks an understanding of the ancient "astronomies" and celestial lore through the study of the unwritten archaeological record. Stonehenge and the Megalithic cultures, the ruins of Mayan temples and cities, and ancient calendars of the Americas are among the topics explored along with a look at some of the astronomically related "pseudosciences" such as "Ancient Astronauts" and astrology. No prerequisites. This course is listed as **Special Topics in Anthropology** in the course listing information.

ASTRONOMY PROGRAM

ASTR 300 — STARS AND GALAXIES. A study of stars — types, properties, evolution and distribution in space. Includes supernovae, pulsars and black holes. Prerequisite: one physical science course or consent of instructor.

ASTR 330 — SOLAR SYSTEM ASTRONOMY. Survey of current knowledge of the solar system: planets, comets, meteoroids, asteroids and planetary satellites. The Sun will only be discussed briefly. There will be an emphasis on a discussion of theories of the formation and evolution of the solar system. Prerequisite: one physical science course or consent of instructor.

ASTR 340 — GALAXIES AND THE UNIVERSE. This course will concentrate on the different kinds of galaxies found in the universe including our own, their structure and evolution. In particular, it will cover the determination of distances, explosion in galaxies, quasars, Seyfert galaxies, the 3°K blackbody radiation and the history and present state of the universe as a whole. Prerequisite: one physical science course or consent of instructor.

ASTR 380 — LIFE IN THE UNIVERSE: THE ASTRONOMICAL PERSPECTIVE. A study of the preconditions which have made advanced life-forms possible on earth (with the primary emphasis on the astronomical rather than biological aspects). The course will also discuss the likelihood that such conditions may be found elsewhere and will consider the problems of interstellar communication. Prerequisite: one physical science course or consent of instructor.

DEPARTMENT OF CLASSICAL LANGUAGES AND LITERATURE

In the Fall Semester 1980, the Classics Department will use a new four letter prefix CLAS to mark off all Classics courses taught in English and using in-translation materials. These courses were previously listed under GREK or LATN. The new listings under CLAS are as follows:

CLAS 170 — GREEK AND ROMAN MYTHOLOGY (formerly LATN 170).
CLAS 280 — ENGLISH WORD BUILDING FROM LATIN AND GREEK (formerly LATN 280).
CLAS 290 — GREEK AND LATIN MEDICAL TERMINOLOGY (formerly GREK 290).
CLAS 309 — SPECIAL TOPICS IN CLASSICAL LITERATURE (formerly LATN 309).
CLAS 370 — GREEK LITERATURE IN TRANSLATION (formerly GREK 370).
CLAS 371 — LATIN LITERATURE IN TRANSLATION (formerly LATN 370).
CLAS 470 — ADVANCED GREEK AND ROMAN MYTHOLOGY (formerly LATN 470).

CLAS courses cannot be used to satisfy the foreign language requirement, and students with credit for the GREK or LATN course cannot receive additional credit for the CLAS equivalent.

Many of the CLAS courses are parts of a new program in Classical Studies now being developed by the Classics Department. Students seeking additional information should consult with Dr. Robert Boughner, LL 4210, ext. 2510.

OTHER NEW CLASSICS COURSES FOR FALL

CLAS 309A — SPECIAL TOPIC: GREEK AND ROMAN ATHLETICS (Lee). From the beginning, the Olympics have involved political and economic issues, as you will discover in this course on Greek and Roman Athletics. The development of the Olympics and other athletic festivals will be traced. The original Marathon run, the pentathlon, discus and javelin throwing, wrestling, chariot racing, and other events will be investigated.

The social issues of women's role, fitness, war, and religion in relation to ancient games will by comparison shed light on our own culture. Lectures will be illustrated with slides, and selected sources will be read in translation. No knowledge of Greek or Latin is required.

CLAS 309B — GREEK TRAGEDY (Staley). A long, undistinguished life or a short and glorious one? That was the choice Achilles had to make; and for the Greeks his was the dilemma which faced all tragic heroes. This course will trace the answers to that dilemma which such famous tragic heroes as Agamemnon, Oedipus, and Medea gave in the plays of Aeschylus, Sophocles, and Euripides. Readings in English. No prerequisites.

CLAS 309/ENGL 391 — CLASSICAL RHETORIC AND EFFECTIVE COMMUNICATION (Staley). In Antiquity a student who wanted to learn to develop ideas, to provide persuasive arguments in their support, and to organize the results clearly and logically, studied Rhetoric. It was the science of how to communicate effectively. This course is based on the theory that the study of these same rules and techniques of Classical Rhetoric can also be used to learn to write well, for writing is simply "silent speech". Students will be asked to read in English the rules of rhetoric as taught by Aristotle, Cicero, and Quintilian and others and then to apply them in their written assignments for class.

LATN 220 — INTERMEDIATE INTENSIVE LATIN (Boughner). LATN 220 follows the plan of LATN 120, compressing a year's study of Latin into a single semester. Students who take both LATN 120 and LATN 220 will have mastered two years of college Latin within a single academic year. Prerequisites for LATN 220: LATN 102 or LATN 120, or equivalent. Not open to students with credit for LATN 204.

GREK 499 — READINGS IN BYZANTINE GREEK (Duffy). An introduction to the literature of the medieval Greek period. Selections will be read from a wide variety of Byzantine authors which will serve to illustrate the major elements in Byzantine history and civilization. To be taught at Dumbarton Oaks; times to be arranged. Prerequisite: three semesters of ancient or medieval Greek.

The following 1 credit courses are offered each semester and are open to all students in the University. They are designed to help you improve your skills in specific areas.

EDCP 108A — INTERPERSONAL DEVELOPMENT. This course will introduce you to the idea of interpersonal development and allow you to explore, expand and develop your interpersonal skills. During the semester you will have a chance to work on an interpersonal behavior you would like to modify.

EDCP 108B — READING & STUDY SKILLS. This course will introduce you to study techniques, reading and writing techniques, listening skills and exam skills, and to time management and academic rules and regulations. The course also has an independent study component in which you will have the opportunity to work in the Reading and Study Skills Lab developing and improving any skill that you wish.

EDCP 108D — CAREER PLANNING & DECISION MAKING FOR UNDECIDED STUDENTS. This course is designed for students who are undecided about either major or career direction. Topics to be covered include self-assessment, decision making, exploring the academic world, and exploring the world of work.

EDCP 108E — THE STUDENT AND THE UNIVERSITY ENVIRONMENT: Survival Techniques. This course is primarily aimed at orienting new students toward the practice of skills in decision making, assertiveness, self-awareness and behavior change. It will help students handle the environmental and psychological factors of a new environment.

Texts include: *Women and Madness, Turn of the Screw, Maggie: A Girl of the Streets, Medea,* and *Tender is the Night.* (Jewell Parker-Rhodes)

ENGL 479A — POST MODERN FICTION. Post-Modern Fiction will raise the question: Is there a body of fiction which either rejects or revises the aesthetics of literary modernism, a post-modern fiction? To explore that question, we will read such works of theory as Henry James's *The Art of the Novel* and Alain Robbe-Grillet's *For a New Novel,* and such works of fiction as Conrad's *Heart of Darkness* and Walter Abish's *Alphabetical Africa.* (Charles Caramello)

FAMILY AND COMMUNITY DEVELOPMENT

FMCD 201 — CONCEPTS IN COMMUNITY DEVELOPMENT (3). This course familiarizes students with community development theories and planning concepts with which they would likely come into contact in a professional setting. Lectures introduce and integrate diverse perspectives from the social sciences, social psychology, and systems theory. Previous experience is not mandatory, so please do not hesitate to join us if you are interested. Through holistic inspection of community development, we illuminate three levels of analysis which an action-oriented researcher should be equipped to examine: (1) localized grass roots community initiatives and organizations, (2) government-community interaction related to achieving reforms and developing delivery systems, and (3) planning strategies. Though we emphasize community development within the United States, cross-cultural examples also are discussed.

FMCD 344 concurrent with FMCD 499M — INTEGRATED EXPERIENCE IN MANAGEMENT AND INTERPERSONAL SKILLS (3). Prerequisite: FMCD 250 and FMCD 260. A maximum of 12 students will live in three apartments at the Home Management Center on Knox Road. A management seminar on Thursday will focus on how management theory can be applied to personal life and operation of a household. On Tuesday an interpersonal skills seminar will be followed by sessions in which separate living units explore their own processes, using techniques learned in the seminar. Students will be billed as for other campus housing. In addition, residents of each unit assess themselves a weekly fee (approximately $15) and determine how this money is to be managed in paying for their food and other expenses. Advance application required. Two or more students who have their own housing but who are interested in the management and interpersonal courses may also be able to qualify. Contact Prof. Charlotte Churaman on X2142 for more details.

This course is designed to sensitize students who are preparing for a career in the helping professions (or may be in practice already) to the sexual issues which are commonly a part of clinical or educational practice. A major goal is to facilitate an awareness of their perceptions of and feelings about these issues and to explore how such perceptions and feelings affect practice. This is accomplished through the use of films, readings, discussion, lecture, and brief issues papers.

FMCD 602 — INTEGRATIVE ASPECTS OF HUMAN ECOLOGY (3). This seminar will explore the philosophical and pragmatic application of man's continuing struggle to master the environment through physical and social engineering. Key issues are the meanings and ramifications of control, change and balance in the quest of "the good life."

FMCD 605 — COMMUNITY DEVELOPMENT IN NEIGHBORHOODS (3). Theory and practice of community development in neighborhoods, with special reference to Washington, D.C., and the Maryland suburbs. Gentrification, displacement, and leveraging are illustrative of the issues to be explored.

It is focused to delineate various means for identifying the nature, extent, and location of target problems; defining target populations and interested groups; and critical review of whether a delivery system design can reach target populations and facilitate resolution of problems. The course will concentrate on developing skills in: logic of needs assessment for program planning, logistics, program implementation, and recognizing political constraints affecting planning processes.

Twenty openings are available for U. of M. students interested in working one-to-one with geometry students in a local high school. In addition to the personal satisfaction we hope you will receive from participating in this project, you can earn up to 2 credits in EDSE 498 or MATH 478A. Field work consists of 2-4 hours spent at the high school and is in conjunction with a bi-weekly seminar on campus. For further information contact Mary Alter, Department of Mathematics, Y2117.

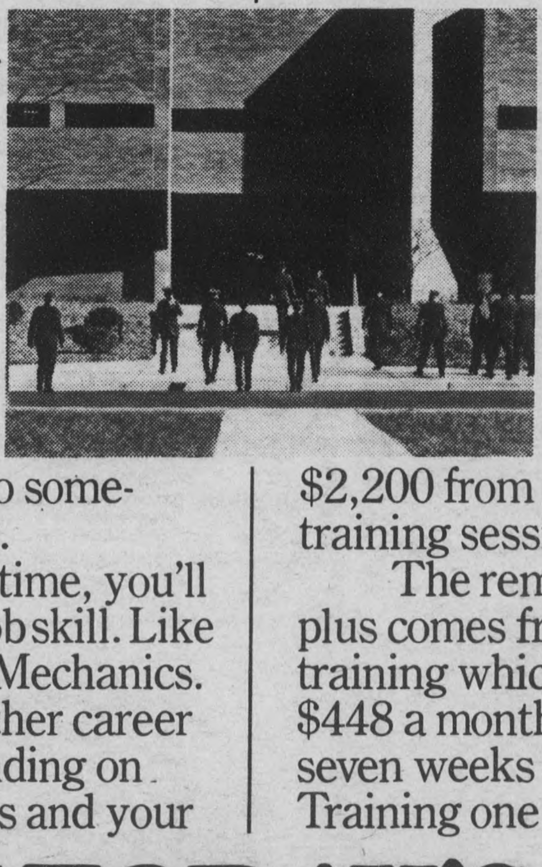
TURN A WEEKEND A MONTH AND TWO SUMMERS INTO $6,000 FOR COLLEGE.

Unlike many part-time jobs, ours fits into your schedule conveniently and is less likely to hurt your grades.

Because you only spend 16 hours a month with us during the school year, and it's usually on a weekend. The rest of your training is during the summer.



VALUABLE TRAINING.

Instead of the usual boring, dead-end part-time job, we give you a chance to do something challenging.

At the same time, you'll learn a valuable job skill. Like Surveying. Auto Mechanics. Or one of many other career specialties, depending on your qualifications and your local unit's needs.

$2,000 JUST FOR ENLISTING.

The first $2,000 of the $6,000 we mentioned is the college aid that many units still offer high school graduates as an enlistment incentive. It's paid in yearly installments of $500 so you'll stay in college. (Not all units offer the college aid, so check with your recruiter.)

You can make another $2,200 from the monthly training sessions.

The remaining $2,000-plus comes from summer training which pays you over $448 a month. This includes seven weeks of Initial Entry Training one summer, two-to-four months of job skill training the following summer, and yearly two-week training sessions.

The summer training usually gives you a chance to get out of town for a while.

PLUS THE BENEFIT OF STAYING HOME.

Remember, this is the Army Reserve you're joining, not the Army. So, with the exception of summer training, you'll be serving at your local Reserve Center.

For more information, call your local Army Recruiter listed in the Yellow Pages under "Recruiting." Or, to locate the Recruiter nearest you, call 800-431-1234 toll free. In N.Y., 800-942-1990.

The Dashboard Wizard.™ Before, there was only car stereo.

Put aside everything you've been told about car stereo. The Dashboard Wizard is with us! An in-dash preamp combination system that will transform your car.

His precise digital electronic tuner memorizes your favorite 7 AM and 7 FM stations, searches up, searches down and scans, and even tells you the time.

Hit the equalization switch and presto, the auto-reverse cassette deck accommodates chrome and metal tapes. With a Life Time Metal (LTM) playback head that's built to last well into the future. His five-band graphic equalizer lets you match the music to the acoustics of your car.

Performance? Miraculous, of course. And with Dolby* on both FM and tape, hiss has definitely become a thing of the past.

EARN UP TO $800 A MONTH RIGHT THROUGH YOUR SENIOR YEAR.

If you're a junior or senior majoring in sciences like math, physics or engineering, the Navy has a program you should know about.

It's called the Nuclear Propulsion Officer Candidate-Collegiate Program (NUPOC-C for short) and if you qualify, you can earn as much as $800 a month right through your senior year. Then after 16 weeks of Officer Candidate School, you'll get an additional year of advanced technical education. This would cost thousands in a civilian school, but in the Navy, we pay you.

It isn't easy. There are fewer than 400 openings and only one of every six applicants will be selected. But if you make it, you'll have unequaled hands-on responsibility, a salary of more than $25,000 in four years, and gilt-edged qualifications for jobs both in the Navy and out.

Ask your placement officer to set up an interview with a Navy representative when he visits the campus, or contact your Navy representative at 800-841-8000, or send in the coupon. The NUPOC-C Program. Not only can it help you complete college. It can be the start of an exciting career.

AAHPER

We have it on high authority that sharing the ride is a very good idea.

It made sense to Noah. After all, it was a whole lot more economical and efficient to get together and share the ride than it would have been for everybody to go their own way. And that still holds true today.

Sharing the ride with just one other person can cut your commuting costs in half.

Think about it.

Share the ride with a friend. It sure beats driving alone.

Sansui's new G-4700 double-digital receiver has all the right numbers.

Digital readouts and digital tuning. Great specs. And the best price/performance ratio you can find. All the right numbers. That's the new Sansui G-4700.

Sansui's patented Digitally Quartz-Locked Tuning System ensures perfect tuning at all times. And dramatically improves FM performance.

The pure power DC amplifier responds quickly to all music signals. So what you hear is clean and sharp, just the way it was recorded. There's plenty of power for almost any speaker made. And you can monitor and control the output by looking at the bright electronic LED peak-power level indicators.

Ask your Sansui authorized dealer to demonstrate all that the G-4700 offers. Listen to the music. You'll love what you hear. Look at the numbers. You'll love what you see.

SELECTED BY THE U.S. OLYMPIC COMMITTEE

THE ALL-NEW TOYOTA COROLLA SR-5 Sport Coupe. More space, aerodynamic styling plus futuristic features put this 1980 Corolla into a whole new orbit.

Notice the instrument panel. Its symmetry, beauty and precision are examples of the new Corolla's advanced styling.

And space is an integral part of that style. Wide open spaces offer more comfort for leggy drivers and a backseat for leggy passengers. There's even more space to check your baggage!

To help you take off, there's a larger 1.8 liter engine, aided by the new, sleek, aerodynamic shape which reduces air drag resistance up to 9%.

Given this space-like styling and handling, you'd expect these new Corolla options such as an eight-track tape deck and power steering!

Each of the 12 new Corolla models is definitely out of this world. Yet they're still Toyotas, with all four wheels placed firmly on the ground—when it comes to reliability, a lot of standard features, and total economy.

The new Toyota Corollas. Space has never been so beautiful. Or so accessible.

Introducing the Bose® 550 Receiver.

The new, moderately priced Bose® Model 550 AM/FM Stereo Receiver brings you Bose® technology and research wrapped up in an affordable, innovative package. It includes a direct-coupled amplifier that delivers a solid 40 watts of RMS power per channel—enough to drive almost any loudspeaker. It has an excellent AM/FM tuner section for clear, clean reception. And exclusive Bose® Source and Room Compensation Controls let you adjust for recording characteristics and for room acoustics. These controls make it easy for you to remove mid-range boominess *without* losing your deep bass. Try that with a conventional receiver!

The Bose® 550 Receiver is designed to drive any speakers that suit your taste and budget. And it contains a unique feature you'll really appreciate when you upgrade your system. More and more customers tell us their first loudspeakers are interim units and that one day they hope to invest in a Bose® 901® Series IV Direct/Reflecting® Loudspeaker System. Ownership of the 550 Receiver brings that day much closer, because the receiver has a built-in 901® Active Equalizer that gives you a significant savings when you purchase 901® speakers.

With or without Bose® speakers, we believe you won't find a receiver that gives you better engineering, better design and better sound for the money. For more information about this fine new Bose® Model 550 AM/FM Stereo Receiver, see your nearest authorized Bose dealer. Or write: Bose Corporation, Dept. DC, 100 The Mountain Road, Framingham, MA 01701.

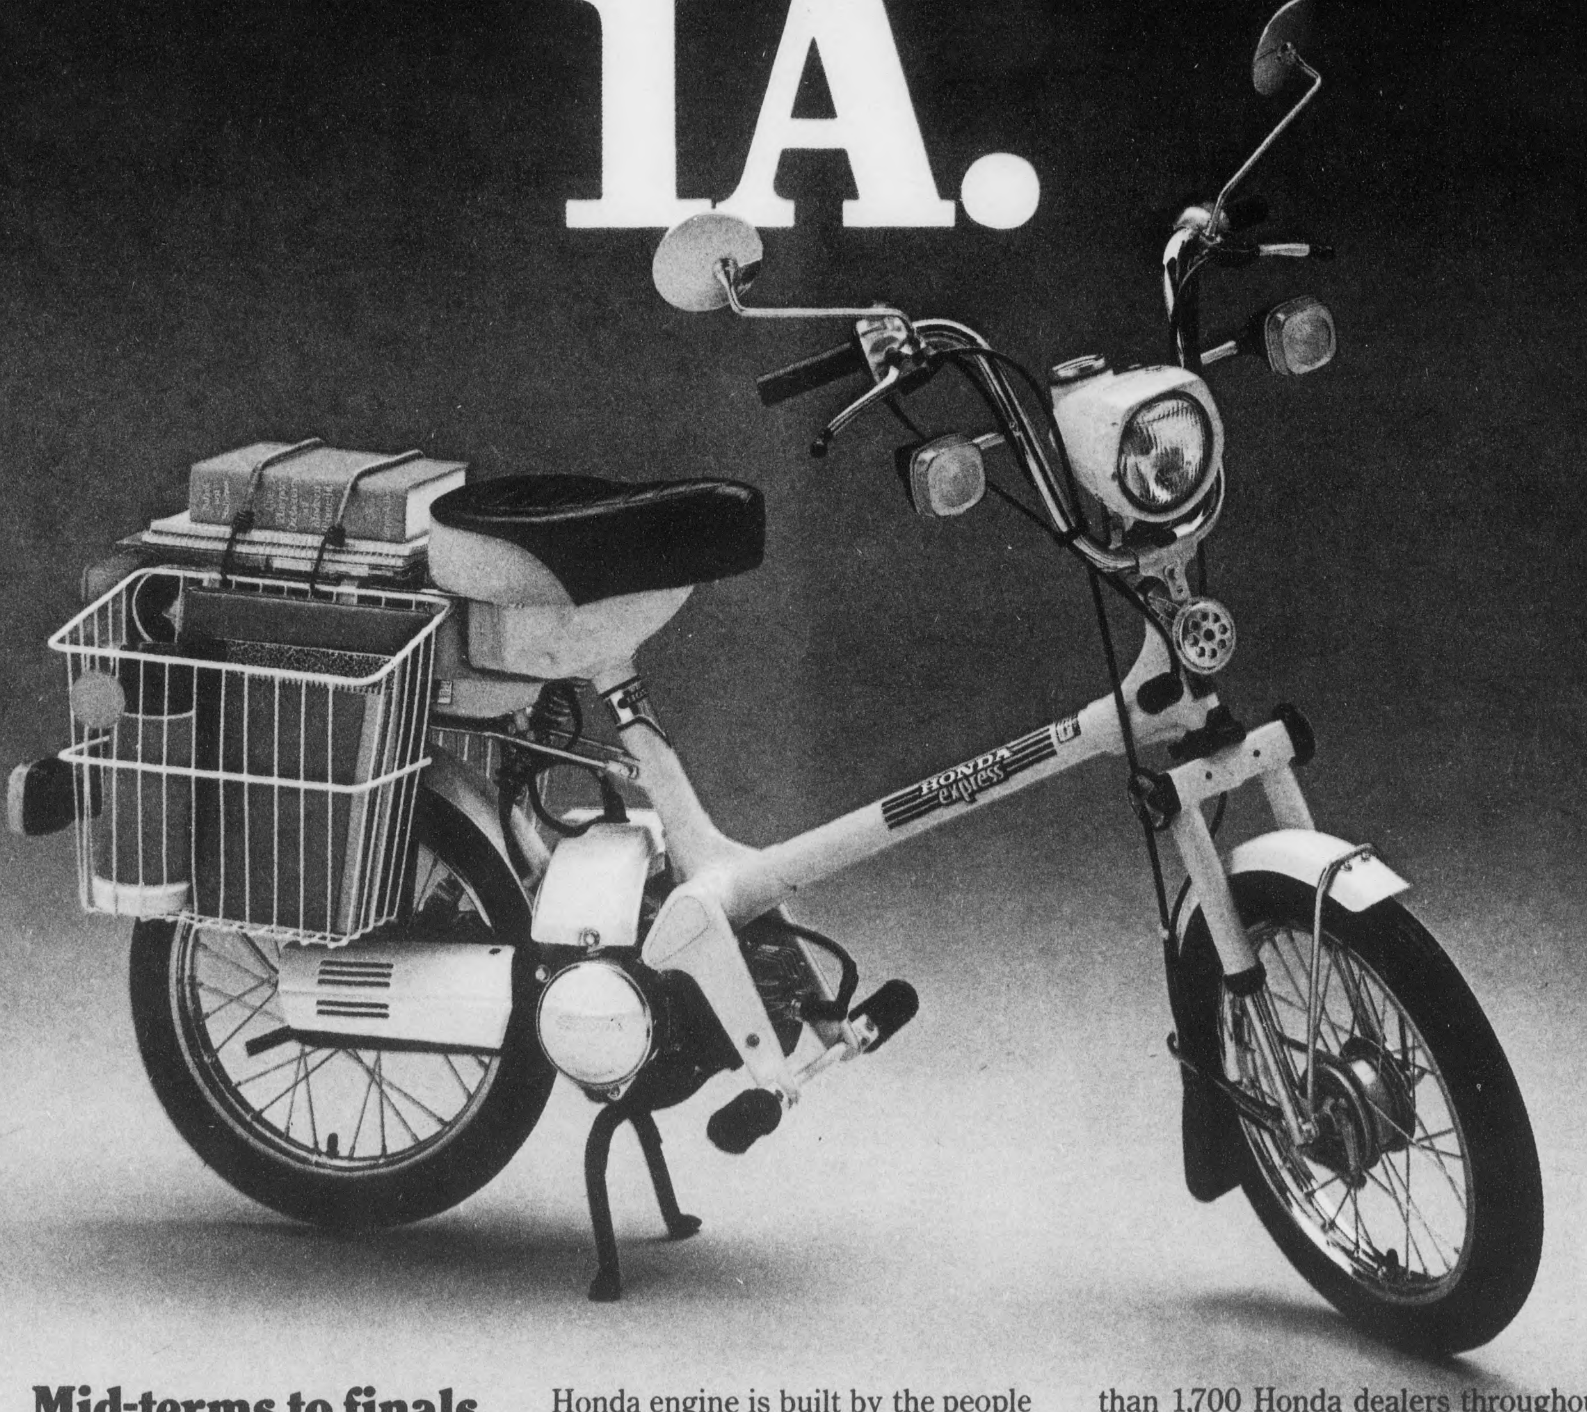
Economics 1A.



Mid-terms to finals on one tank. The 1980 Honda Express™ is the sporty little motorbike that can make your gas money go a long way—up to 100 mpg.*

And it's so easy to ride, it's perfect for beginners. The transmission is automatic so there's no clutch lever, no pedals and no gears to shift.

Upkeep is way down.

The Express rarely needs servicing. That's because its rugged, reliable 49 cc Honda engine is built by the people famous for engine innovations.

It's completely street legal, too. With dual mirrors, automatic-on head and taillights, turn signals and front and rear drum brakes.

Leave later, park closer. Besides fitting into the smallest budgets, the Express fits into the smallest parking places. And it can go most anywhere on campus a bicycle can.

There are more than 1,700 Honda dealers throughout the United States who can teach you more about the economics of owning an Express. And when you're there, don't forget to ask how much fun they are.
